By letter dated 6/18/56 Lt. Col. [] OSI, Langley Air Force Base, Va., forwarded a Photostat of an article advocating the abolishment of integration in the armed forces, which article states that reprints can be secured from the American Nationalist, Box 301, Inglewood, Calif. A Photostat of the article is enclosed for Los Angeles.

It is noted that part of the article consists of a photograph of white women and negro soldiers embracing. Norfolk files reflect that this same photograph appeared at the top of Page 3 of the April 1956 issue of "The Virginian," copies of which have previously been forwarded to the Bureau. The article in "The Virginian" is different than the attached Photostat, and no information appears in Norfolk files identifiable with American Nationalist.

Lt. Col. [] in forwarding the Photostat stated the article was found in the reception area of the Base Provost Marshal and this is the first article of this type which has come to the attention of OSI at Langley AFB.

ALIEN JEWS PROMOTE INTEGRATION

Anti-Jewish Myth Laid To New York Times Propaganda

SPECIAL—Within the past three or four years, Zionist propagandists in this country have been particularly active in their attempts to convince Americans that there is no truth in the oft-made charge that Communism is a Jewish-led movement. Admittedly it is not an easy task, for the evidence is overwhelmingly on the side of those who contend that the leaders of international Communism have been Jews from the very beginning. Nevertheless, the current Zionist propaganda line has met with considerable success not only in camouflaging the Jewishness of Communism, but in actually leading Americans to believe that Jews are victims of Communism.

To verify just how effective this propaganda has been you need only refer to the prevailing

Northern Press Silent As Negro Mob Runs Wild

BUFFALO, N.Y.—It has long been the complaint of Southerners that the northern press plays up racial incidents in the South out of all proportion to their importance, while at the same time playing down or suppressing altogether the much worse racial conflicts which constantly occur in the North. An excellent example of this was the exaggerated emphasis the commercial press placed upon such incidents as the Emmet Till case, the Autherine Lucy affair at Tuscaloosa, and the assault on Nat. King Cole in Birmingham.

In the Till case, particularly, the hysteria of the big city newspapers and slick paper magazines exceeded all bounds of reason. Literally scores of correspondents were assigned to the story, and for weeks on end the Till case was headline news. And it was all news calculated to give Southern whites a black eye; every line of it was blatantly pro-Negro and frenziedly anti-white. Without exception the white principals of the

Shown above is Ike Eisenhower as he sang the Star Spangled Banner from the platform of the NAACP on March 10th, 1954. The occasion was an NAACP "Freedom Fulfillment Convention," convened for the purpose of launching a ten year, ten million dollar "integration" program under the slogan of "Free by Sixty-Three." Eisenhower as the featured speaker promised the convention his wholehearted cooperation in achieving full "equality" for Negroes. Given

below is Eisenhower's shameful record of collaboration with the NAACP since that date. NOTE: Standing next to Eisenhower in the above picture is the NAACP's board chairman, Channing Tobias, a member of more than 50 Communist front organizations. Next to him is the NAACP's late Walter White, also an ardent red-fronter. Not shown is the Jewish mastermind and president of the NAACP, Arthur Spingarn, who has run the organization since 1939.

Eisenhower Spearheads Racial Revolution With Aid Of NAACP

WASHINGTON, D.C.—In a slavish effort to win back the big city Negro vote from the Democratic party, which has held it in firm control since the hey-day of the Roosevelt New Deal, the New Deal wing of the Republican party is again touting Eisenhower as the Negro's "best friend," and even as a "second Lincoln." Although the same appeal was used with little apparent success in the 1954 congressional elections, the White House clique seems to feel that Eisenhower's fatuous pro-Negro record during his first term in office is one which bloc-voting northern Negroes cannot fail to recognize. And although any serious comparison between Lincoln and Eisenhower is a patent absurdity, the fact remains that no president in history can even approach, much less match, Eisenhower's record as an ardent Negrophile. Furthermore, since Eisenhower seems intent on flaunting that record, it seems proper and fitting in this election year that we cite the Eisenhower performance in full so that the entire electorate, white as well as colored, may judge him accordingly.

The facts show that Eisenhower has not only worked hand in glove with the NAACP and other radical race-mixing organizations since his inauguration, but that he has in reality spark-plugged the present controversy over "integration."

(Cont. Page 4 Col. 1)

Jews Joined With NAACP To Obtain Integration Rule

WASHINGTON, D.C.—Ask any Southerner these days and he will tell you that it was the National Association for the Advancement of Colored People (NAACP) which obtained the infamous Supreme Court decision of May 17, 1954 which "outlawed" segregated schools. But ask him about the role organized Jewry played in obtaining that decision and you are pretty likely to draw a blank. This is because not one American in a thousand has the slightest conception of the events which led up to the Court's de-segregation decision, nor of the sinister, secretive groups who conspired to obtain that decision.

Incredible as it may seem, no newspaper, no national magazine and no radio or television commentator has revealed the incredible circumstances surrounding this most controversial of all Supreme Court decisions. For that reason the American public remains to this day totally ignorant of the fact that organized Jewry, and organized Jewry alone, financed, agitated for, and finally pushed through the Supreme Court the disgraceful "integration" decree which has driven the South into near rebellion.

To appreciate the full extent of this Jewish role it is necessary to have some knowledge of the technical aspects of the so-called "Black Monday" school-segregation case. Legally, the principals in the case were three Negro complainants. Strictly speaking the NAACP was not a party to the case at all, except in the capacity of legal counsel. In actual point of fact, however, the Negro appellants were merely stooges of the NAACP, and to all intents and purposes the NAACP was, and is, regarded as the chief litigant in the case. This much is generally known to those who have taken an active interest in the Supreme Court's decision.

But what the public does not know is that ten other organizations also participated in the school segregation decision. Inves-

Northern Press Remains Silent As Negro Race Riot Injures Ten

(Continued from Page 1)

Till case were maligned and singled out for contempt—and without exception the Negro principals were lionized and glorified.

The 160 pound Emmet Till, for example, was depicted as a "child" who had been killed by Southern whites for daring to "wolf-whistle" at a white woman. Testimony showing that he had made forceful and obscene advances to his victim were ridiculed or not reported at all. Young Till was tearfully eulogized by LIFE magazine ("Sleep well, Emmet Till; you will be avenged") and described as the orphaned son of a "... soldier-father who was killed in France fighting for the American proposition that all men are equal." But when evidence was released by Senator Eastland showing that Till's father had actually been hanged by the Army for the rape-murder of a white woman in Italy during World War II, neither LIFE nor any other northern publication reported it.

The iron-clad rule of the northern press, in other words, is to report on racial conflicts only when whites are the aggressors. News which reflects on Negroes

is simply not given out. Thus, when police officers had to be assigned to patrol the halls of some of Washington, D.C.'s newly "integrated" schools to protect white students from knife-wielding Negro "classmates," nothing was said in the press. A similar curtain of silence has stifled news of numerous other racial incidents in the North—although the slightest outbreak of anti-Negro violence in the South is instantly headlined.

In the Great Lakes region, for instance, a "serious" race riot occurred last month in which at least 10 were injured. The rioting, which lasted intermittently throughout an entire day and evening, broke out when knife-wielding Negroes from Buffalo, N.Y. began attacking white vacationers at Crystal Beach, Ontario. The riot continued into the night as roving gangs of Negro youths turned the excursion steamer, Canadiana, into a terror craft on the return to Buffalo.

But of this the public heard little. Many newspapers did not carry the story at all. The few that did mentioned it only briefly and in ambiguous language. LIFE

The above photo, which illustrates some of the blessings of "integration" in the North, probably did not appear in your newspaper. It shows part of the mob of rioting, knife-wielding Negroes who staged an all day race riot at the Great Lakes resort town of Crystal Beach, and later on the excursion

steamer, Canadiana. On the boat, according to one Associated Press report, "all hell broke loose as roving groups of Negroes calmly attacked the outnumbered whites. Girls were beaten mercilessly and youths who attempted to defend them were slugged and kicked without feeling" . . .

magazine described it as a "teen-age fracas." No publication carried photographs of the actual rioting—although it is not difficult to imagine the coverage the story would have received if the rioters had been white Southerners and the victims Negroes . . .

This, then, is the type of distortion and censorship which characterizes much of the nation's press today. It is important that Americans should be alerted to the existence of this censorship—and its purpose—if we are to survive as a free people.

Jew Organizations Push School De-Segregation

(Cont. from Page 1)

igation shows that 15 individuals are listed in the official Supreme Court record as signers of amicus curiae briefs (i.e. as "friends of the court") in the case. These 15 individual signers represented 10 organizations, and altogether they submitted five briefs. Four of these were presented separately, while the fifth brief was jointly signed by representatives of six organizations.

It is significant to note that of the 10 organizations participating in the case, six were either Jewish or else represented in the proceeding by Jews. Furthermore, of the 15 individuals who signed the briefs, at least nine are Jewish—and the figure would undoubtedly run higher if the racial identity of the other six could be ascertained. Equally significant is the fact that six of the ten organizations involved are full time, professional propaganda agencies who collectively spend several million dollars annually in the promotion of "integration" and other racist activities.

Here are the individuals whose names appear in the Supreme Court's de-segregation decision of May 17, 1954 as signers of amicus curiae briefs. Each is identified by race where such information is known.

*Will Maslow (Jew), Shad Polier (Jew) and Joseph Robison (Jew) signed for the AMERICAN JEWISH CONGRESS in a separate brief.

*Arthur G. Hays (Jew) and Leonard Haas (Jew) signed for the AMERICAN CIVIL LIBERTIES UNION (ACLU). Hays, incidentally, was general counsel for the ACLU from 1922 to 1954. Haas is an Atlanta Jew.

*Also signing the ACLU brief were the following:

*Edwin Lukas (Jew), signed for the AMERICAN JEWISH COMMITTEE.

Goldberg... for the C.I.O.

Forster... for B'nai B'rith

Maslow... for the American Jewish Congress

Hays... for the A.C.L.U.

These are some of the more prominent Jews who participated in the Supreme Court school segregation case of May 17, 1954. On the left is Goldberg, who represented the C.I.O. Next to him is Arnold Forster (Fastenberg), representing the Anti-Defama-

*Arnold Forster (Jew), signed for the ANTI-DEFAMATION LEAGUE OF B'NAI B'RITH.

*Frank E. Karelson (Jew), signed for the AMERICAN ETHICAL UNION, a professional race-mixing group.

*Saburo Kido (Japanese), signed for the JAPANESE AMERICAN CITIZEN'S LEAGUE.

*Theodore Leskes (race unknown), signed for the UNITARIAN FELLOWSHIP FOR SOCIAL ACTION.

In addition:

*John Lichtenberg and Selma Borhardt (race unknown), signed a separate brief for the AMERICAN FEDERATION OF TEACHERS.

*Arthur J. Goldberg (Jew) and T. E. Harris (race unknown), signed a separate brief for the C.I.O. Goldberg, incidentally, is the C.I.O.'s general counsel.

*Phineas Indritz (race unknown), signed a separate brief for the AMERICAN VETERAN COMMITTEE.

Here, conclusively, is positive proof that a majority of the groups and individuals who participated as "friends of the court" in the Supreme Court's school segrega-

tion case of May 17, 1954 were Jewish. Furthermore, the groups represented include the four most powerful Jewish organizations in the country; they are not small or unrepresentative bodies.

*MARSHALL SPINGARN
Fronting for the NAACP in the Supreme Court was the Negro lawyer, Thurgood Marshall. But masterminding the operation was the NAACP's president, Arthur Spingarn, a New York Jew.

Finally, there is one other factor to be taken into account, and this is the NAACP itself. For the truth of the matter is that the NAACP is also a Jewish controlled organization. For proof of this we need only cite the fact that the sinister mastermind of the NAACP is the

New York Jew, Arthur Spingarn, who has been its president since 1939 . . .

CONCLUSION: No one in possession of these facts can logically or reasonably deny that the Supreme Court's infamous school de-segregation decision of May 17, 1954 was anything but a product of Jewish planning, of Jewish agitation and of Jewish execution. It was a Jewish shov from beginning to end; no bona fide Negro organization had any part in it. The record shows that of the 15 individuals signing briefs in the case, not less than nine were Jews. Of the ten organizations represented, six are Jewish, or were represented in the case by Jewish counsel. And most important of all, the chief litigant in the case, the NAACP, is itself a Jewish controlled organization. One cannot help wondering where the real, honest-to-goodness, white Christian-Americans were when all this was transpiring . . .

NOTE: The names and organizations above are given as they appear in the official U. S. Supreme Court Reports (1954).

Soviet "Anti-Semitism" Hit As Myth

(Cont. from Page 1)

public opinion in your community. The typical American, if told that Communism is a Jewish-led conspiracy, will instantly point out that Jews are being "persecuted" in Soviet Russia today. If reminded that the leaders of Communism in this country and abroad have always been preponderately Jewish, he will shake his head in mystification. To the average citizen it is utterly incomprehensible that such a fantastic hoax could be perpetrated—and least of all can he bring himself to believe that his newspapers and other media of public information could fall for such a hoax.

Nevertheless it remains a fact that Jews retain a large measure of control over Soviet Russia, its satellites, and the U.S. Communist Party. And if, as alleged, certain Jewish groups are being "persecuted" in Soviet Russia, it is a persecution motivated by something other than "anti-Semitism"—certainly the persecution of one Jewish faction by another hardly constitutes "anti-Semitism" as it is commonly understood. Nevertheless that is the way it is being portrayed in our daily press, and that is why most Americans have been misled into believing the piteous tales now being told of Jewish sufferings at the hands of the Communists.

To demonstrate how this works, let us take an example from a recent issue of the New York Times. The Times is a Jewish owned newspaper, and although its reputation for accuracy and objectivity is undoubtedly overrated, it nevertheless enjoys considerable prestige in certain quarters. The example at hand consists of two news items which appeared side by side (page 8, sec. C) in its April 27th edition.

One story is entitled: "Rakosi Still Has Soviet's Support," and is sub-titled, "Hungarian Red Leader Gets Moscow Backing Against His Own Party Rebels." The article goes on to describe how party boss Rakosi, for 11 years undisputed dictator of Communist Hungary, is being kept in power by Moscow despite what appears to be a revolt against his leadership within the Hungarian Communist apparatus. Although the article devotes considerable space to the Rakosi story, it nowhere reveals the fact that Hungary's bloody dictator is of Jewish origin.

This omission is extremely significant because in the very next column to the Rakosi story there is another feature article which purports to describe a "wave of officially inspired anti-Semitism" which, supposedly, "swept Czechoslovakia after the trial and execution in November, 1952, of Rudolf Slansky, former First Secretary of the Czechoslovak Communist party." Slansky, like Rakosi, was Jewish.

Thus on a single page of the New York Times we have an excellent example of how the phony "anti-Semitic" myth is propagated in this country as a means of confusing Americans as to the true identity of the Communist leadership. In one story the Jewish

BUDAPEST, Hungary, April 25.—It is a maxim that no man is indispensable. But Matyas Rakosi, who has been Communist leader of Hungary for eleven years, seems to be an exception to this rule in the eyes of Moscow.

Many of Mr. Rakosi's Communist party colleagues have been making it understood that in this era of anti-Stalinism the time has come for this "little Stalin" to go. But the Kremlin seems to want to keep him in his place.

Moscow deplored Vukko Chervenkov as Premier of Bulgaria ten days ago against the wishes of the Bulgarian Communist party.

Associated Press

CZECHS CONCEDE PREVIOUS ERRORS

Paper Says Officials Spurred Anti-Semitism—Guilty by Association Deplored

By SYDNEY GRUSON
Special to the New York Times

PRAGUE, April 26.—Three important admissions of conditions long denied were made today by the trade union newspaper, *Prace*. They were:

- 1.—That a wave of officially inspired anti-Semitism swept Czechoslovakia after the trial and execution in November, 1952, of Rudolf Slansky, former First Secretary of the Czechoslovak Communist party.
- 2.—That soldiers who fought in the Western armies during World War II rather than with the Soviet Army had been persecuted.
- 3.—That police action after the war had been in the east.

AN EXCEPTION: Matyas Rakosi, Communist boss of Hungary, Moscow appears to regard him as indispensable.

The clipping above, taken from a recent issue of the New York Times, illustrates perfectly the technique by which "anti-Semitic" scare stories are propagated by the kept commercial press. In the column to the right the Times ascribes the purge of the Jewish dictator of Czechoslovakia, Rudolf Slansky, to a "wave of officially inspired anti-Semitic"

tism." But in the very next column (above left) the Times runs another story describing the Jewish dictator of Hungary, Matyas Rakosi, as Moscow's "indispensable" man. The Times did not explain how a regime which consistently placed Jews in positions of power could at the same time be "anti-Semitic."

identity of Communist Hungary's dictator Rakosi is deliberately withheld; in the other story the fall of Czechoslovakia's Jewish dictator, Rudolf Slansky, from power is ascribed to "a wave of anti-Semitism." In this manner the New York Times manages to convey the impression that "anti-Semitism" is rampant behind the Iron Curtain—although the Times knows perfectly well that both Communist Hungary and Czechoslovakia, as well as Poland and Roumania, have had Jewish dictators during most of the period since World War II. It is a remarkable example of how propaganda can be, and is being, used to obscure and distort the news. Those who have observed the way the Times consistently twists the news concerning the segregation question in the South are already familiar with the technique.

Needless to say, the Times is not the only offender when it comes to doctoring the news. For example, a few days after the above mentioned stories appeared in the Times, an Associated Press dispatch (May 6th) revealed the very interesting fact that "Jacob Berman, considered by many the No. 1 man of Communist Poland, has resigned as Deputy Premier because of his 'mistakes'." Berman's ouster climaxed the current purge in the Polish government. Six cabinet ministers and three top justice officials have been removed from power. However, none of those removed had the stature of Berman. He was reputed to have influence far beyond that normally held by a deputy premier in eastern Europe." So reported the Associated Press.

Significantly, however, the AP did not mention the very pertinent fact that Berman, the red dictator who has ruled Communist Poland since World War II, is Jewish—although that fact is well known to the AP staff.

A few days later, in its May 21 issue, Time magazine also devoted an article to Berman's fall from grace: "Last week," pontificated Time, "Vice Premier Jakob Berman, long regarded as Moscow's No. 1 man in Poland, resigned because of his 'mistakes.' Poland, stoutly Catholic, staunchly anti-Russian, has proved a hard outpost to rule." But Life did not reveal Berman's Jewish origin, either.

Apparently neither the Associated Press nor Time magazine felt up to the task of explaining just how the "anti-Semitic terror" they have been publicizing month after month could occur under a regime dominated by Jews. That, at least, is as good an explanation as any for their failure to reveal the racial identity of the Jew who has been Poland's dictator all these years.

Actually, of course, the failure of our so-called "free press" to give the true facts concerning the bloody Jewish rule of the Communist satellite nations has been a scandal for years. It has long been common knowledge among better informed newspaper people

SLANSKY BERMAN

Immediately after the war the Communists placed Jewish dictators over all the satellite nations. Despite this, we are supposed to believe that Jews suffer terribly under Communism... that when the Communists took over Eastern Europe in the wake of World War II, they immediately proceeded to install Jewish dictators over all the major satellite countries. In Roumania the brutal

Jewess, Anna Pauker, was placed in power. In Poland, Jakub Berman took over. In Czechoslovakia it was Rudolf Slansky. In Hungary the murderous butcher, Matyas Rakosi (himself a protégé of a Jewish predecessor, Bela Kun), assumed power. In East Germany the frightful "Red Hilde" Benjamin (widow of a Communist Jew, who died in one of Hitler's prison camps) held bloody sway as minister of justice. And so, by 1950 every major Communist satellite nation cowered under a Yiddish tyrant—and yet not a word of this ever got into our press. Instead, the public was led to believe that Jews were suffering untold agonies under Communism.

Since 1950 there have been, of course, many changes behind the Iron Curtain. Anna Pauker, Slansky, and now Berman, have been deposed in turn. Only Rakosi remains in power. But it is ironic to note that each time one of these high ranking Communist Jews got the ax, the hysterical cry of "anti-Semitism" went up in the American press (although Jakub Berman's case is a notable exception). Anna Pauker was alleged to be the victim of Soviet "anti-Semitism," as was Slansky. There were even charges that secret police chief Beria was a victim of "anti-Semitism" since he was half Jewish. An attempt was even made to depict Stalin as anti-Semitic, despite the rather well known fact that his third wife, Rosa, was a Jewess, while his only daughter is married to a Jew.

These, then, are some of the facts the American public should know about the alleged Jewish sufferings under Communism. But still unanswered is how and why our own American press is so far off base in reporting the situation. For while it is true that the major wire services, along with publications like the New York Times and the Luce magazines, know the facts and deliberately suppress them, it is utterly fantastic to charge that the entire American press could or would join in such a conspiracy of silence and misrepresentation.

Actually the whole problem can be traced to Gentile confusion over certain intricacies of the international Jewish situation—particularly as they concern the internal feuds between various factions of Jewry. What most Gentiles don't realize is that world Jewry has for more than a half century been bitterly divided into opposing factions. In one camp are the Zionists, whose main loyalty is to Israel—hence their designation as Zionists. In the opposite camp are the Communists, who came to power as leaders of the Bolshevik Revolution of 1917, and who immediately proceeded to outlaw Zionism.

Gentiles have little conception of these facts, and so when they see an Anna Pauker or a Rudolf Slansky put on trial for "Zionist activity" by a Communist court, they almost always mistake it for anti-Semitism—oblivious to the fact that the prosecutors, as well as the prosecuted, are Jews. Similar

play and take orders from Negroes for the first time since Valley Forge. One result of this criminal policy was a disastrous drop in re-enlistments; another has been a serious decline in morale (and inevitably in fighting efficiency) in our Armed Forces as swarms of Negroidal officers, non-coms and enlisted men began assuming positions of authority and privilege under the new order.

A second phase of the Eisenhower program to forcibly "integrate" every aspect of American society began with the creation of what the Negro press often refers to as the "Little FEPC"—otherwise known as the "President's Committee on Government Contracts." This consists of a 15-man figurehead "committee" of prominent individuals headed by vice-president Nixon, and it was created for the express purpose of compelling all U. S. business firms with government contracts to "integrate" their working forces. The actual job of running the "Little FEPC," however, was turned over to a Jewish radical by the name of Jacob Seidenberg, who serves as its executive director. Seidenberg has been given the authority to force any business firm doing work for the government (and their sub-contractors) not only to hire Negroes, but to upgrade and promote them as well. By this device Eisenhower has clamped a de facto FEPC upon a vast segment of American industry—and he has done it without the consent of Congress, or the knowledge of the American people.

Not content with imposing interracial working conditions upon private industry, Eisenhower next moved to bring the blessings of "integration" to all civil service employees. To do this he created a special five-man "fair employment committee" with authority to police the hiring policies of the entire federal civil service. Again the object was not merely to facilitate the hiring of Negroes, but to see that they receive promotions and upgradings to the satisfaction of the committee. And since the five-man committee is chairmanned by a Jew in the person of Max Abbell, while two other board members are Negroes, it is obvious that the U. S. civil service is destined to become an interracial haven in the not too distant future, thanks to Mr. Eisenhower.

On still another front Eisenhower has labored diligently to foist compulsory mongrelization upon this nation—in this case through the instrumentality of the judiciary. His most outstanding achievement in this direction was his appointment of Negro-loving Earl Warren as chief justice of the Supreme Court, and his attempted appointment (now blocked in the Senate) of the notorious Russian Jew, Simon Sobeloff, to the fourth circuit court of appeals—a district which encompasses several Southern states. Sobeloff, it will be recalled, is currently serving as Eisenhower's

Press Report

WASHINGTON, D.C.—Former governor James F. Byrnes of South Carolina, the only living ex-Justice of the U. S. Supreme Court, last month issued one of the most authoritative (and one of the most scathing) attacks yet made on the Supreme Court and its school de-segregation decision of 1954. "The Court," said Mr. Byrnes, "did not interpret the Constitution—the Court amended it." Byrnes' historic denunciation, which was printed in full by the highly respected U. S. News and World Report, lambasted what he described as "...the demonstrated willingness of the Supreme Court to disregard our written Constitution and its decisions, invalidate the laws of the States, and substitute for these a policy of its own, supported not by legal precedents but by the writings of sociologists."

MOSCOW—The recent resignation of First Deputy Premier Kaganovitch as chairman of the Soviet Union's "State Committee on Labor and Wages," coming as it did only eight days after Molotov's resignation as Foreign Minister, has aroused considerable speculation as to the future prospects of the pair. Both Molotov and Kaganovitch are First Deputy Premiers of the powerful "Presidium" of the Council of Ministers which apparently has ruled Russia since the death of Stalin. The resignations could indicate Molotov and Kaganovitch are on their way out; on the other hand it may indicate the exact opposite. As the only surviving "Old Bolsheviks" on the Presidium, and because of their Jewish backgrounds (Kaganovitch is Jewish, Molotov is married to a Jewess), they must still be regarded as the two most powerful members of the Presidium which rules Russia today.

WASHINGTON, D.C.—The most recent illness of Dwight Eisenhower, coupled with the sudden resignation of Milton Eisenhower as president of Pennsylvania State University, has revived speculation that Ike may make a last minute attempt to ring brother Milton in as the Republican nominee at the forthcoming San Francisco Convention. By waiting until the last minute to announce his withdrawal from the race, Ike could prevent other presidential hopefuls such as Wm. Knowland from making an effective try for the nomination. Others believe the White House cabal will encourage Ike to run again despite his health on the theory that as long as he can breathe, they can use him—as in fact they have used him for many months now.

WASHINGTON ROUNDUP—The administration's attempt to add a 49th Oriental state to the Union was foiled for the time being when the Hawaiian statehood measure was killed in committee. Other pet White House bills calling for Federal "aid" to education, revision (emasculatation) of the McCarran Immigration Act, and the proposed civil rights law all promise to bring on fireworks as the administration begins its all-out campaign to force them through a hostile Congress. The Sobeloff appointment, already stalled for more than a year, will very likely precipitate a filibuster if it reaches the Senate floor...

Solicitor-General. It was in that capacity that he made himself particularly obnoxious to Southerners by joining with the NAACP in arguing against segregated schools before the Supreme Court. By appointing individuals of this calibre to the federal judiciary, Eisenhower leaves little doubt as to his real intentions. And if there ever was any doubt, vice-president Nixon dispelled it when he recently hailed the Court's school de-segregation decision as an "accomplishment of the present administration..."

On still another sector Mr. Eisenhower has shamelessly utilized the executive department to implement the NAACP's "silent revolution." By executive decree Eisenhower has, for example, fully

"integrated" not only the public schools of Washington, D.C., but all restaurants, hotels, parks and other facilities to boot. He has similarly ordered "integration" enforced at all government installations throughout the country, including ship yards, depots—and even schools situated on government reservations. Public housing is also being systematically mixed. Most sinister of all, his administration has resurrected an obscure Civil War Reconstruction law (passed in 1866) to give the justice department authority to intervene where the "civil rights" of Negroes are alleged to be involved. This maneuver, which has in effect made the FBI a cat's paw for the NAACP, is currently being used to intimidate local law enforce-

ment agencies into giving preferential treatment to Negro criminals, who have only to raise the cry of "discrimination" to bring the FBI running.

Now the Eisenhower administration is attempting to expand its jurisdiction by asking Congress to enact a new "civil rights" law which would in effect give Brownell and the justice department the power to enforce "integration" in Southern schools and elsewhere, thereby removing the problem from the jurisdiction of local and state officials...

This, then, is the Eisenhower record, and these are his accomplishments. And if you have any doubt as to Eisenhower's motives, or the inspiration behind them, then take another long and careful look at the picture at the beginning of this article, which shows Eisenhower singing the Star Spangled Banner from the platform of the NAACP. It will help you understand a lot of things...

larily, when "Zionist" groups in this country complain bitterly over the suppression of Jewish "culture" (meaning Zionism) and the imprisonment of Zionist activists in Russia, most Gentiles instantly leap to the assumption that anti-Semitism is involved. The nub of the problem is that most Christians have never learned to distinguish between anti-Zionism and anti-Semitism, and this failure has led to incalculable confusion.

This, in brief, explains why our press breaks out in a rash of anti-Semitic scare stories every time a high Jew-Communist is purged from office, and it also explains why Zionist propagandists in this country have been so bitter of late in denouncing anti-Zionism in Soviet Russia. The thing for Americans to remember, however, is that the Communist apparatus is still dominated by Jews, and their opposition to Zionism is a far cry from anti-Semitism.

It is fatal for Americans to ignore these facts, for we cannot possibly deal with the Communist threat in this country unless, and until, we recognize it as a Jewish-led conspiracy. It is not only dangerous, but absurd, for our press to continue to overlook the very basic fact that the overwhelming majority of the Communist leaders convicted thus far in this country have been members of the Jewish race. It is not the function of the American press to explain away these facts, nor to obscure them. Its sole and single function is to lay the facts on the line...

It has not been reported by the commercial press at the trouble-making, alien-controlled National Association for the Advancement of Colored People (NAACP) has for some time been promoting a plan. If successful, will place the South's vast negro population (numbering over 11,000,000) in a position of absolute dominance over the government and institutions of the Old South. The plan, simply, is to arouse the racial and political consciousness of Southern negroes in the same way they have been aroused in the North --and to translate this negro racism into action at the polls with the idea of wresting political control from Southern whites...

The key feature of this plan is the registration of as many Southern negroes as possible as voters. In this connection it is significant to note that during the past few years, negro voter registration in most Southern states has been quietly on the increase --in some cases having doubled, tripled and more than quadrupled since the last presidential election in 1952... Since negroes constitute a very substantial percentage of the South's population, and since many Southern communities actually have more negroes than whites, this means that ultimately, bloc-voting negroes under NAACP leadership and agitation can and will take over local government in many localities --unless something is done! Equally important, they will wield a balance of power in ALL the Southern states as in fact they do in the North already in many instances. The danger is that unless this threat is headed off, the South's traditional "white supremacy" will not only vanish, but will be replaced by a militant "black supremacy"...

Those who doubt that the people of the South would indeed ever submit to "black supremacy" would be well advised to consider the lessons of history-- particularly in the light of recent developments. Because it is important to note that within the memory of living men, the South did undergo a period of "black supremacy"! For it was only 75 years ago that radical Northerners imposed a vicious regime of Federally enforced "integration" upon the South under which ONLY negroes (and imported Northern "liberals") could vote and hold office. No white Southern man or woman was permitted in those years to hold office, vote, perform jury duty or otherwise enjoy citizenship --that was the exclusive privilege of negroes. In Alabama, South Carolina, Georgia, Louisiana and other Southern states the state capitals and legislatures were taken over by Africans and Northern renegade whites, as were law enforcement duties and other functions of state, country and city governments. This was the very apex of "black supremacy". Two coal-black negroes represented the state of Mississippi in the U.S. Senate between 1870 and 1880. Buck negroes represented the states of Georgia, South Carolina, Alabama and Florida during this period in the House of Representatives in Washington. On one occasion, 5 years after

Senator Hiram Rhodes Revels

To many misguided Northerners the term, "White Supremacy", describes a hateful, un-American institution under which bigoted, prejudiced and ignorant Southerners oppress and abuse negroes and otherwise deny them "equality". But today there are still men and women living in the South who can remember the time when Northern radicals of another day imposed a regime of "BLACK SUPREMACY" upon the South under which no Southern white man or woman could vote, hold office or enjoy citizenship -- a regime under which the negroes pictured on this page actually represented the state of Mississippi in the U.S. Senate....

the end of the Civil War, the great Jefferson Davis himself was ousted from his seat in the U.S. Senate by a radical northern majority, and a negro as black as the ace of spades replaced him as Senator from Mississippi... It was under these conditions, with white Southerners not allowed to vote, and with negroes sitting as their representatives in the U.S. Congress, that fanatic Northern politicians pushed through the infamous (and illegal) 14th Amendment in 1868. Eighty-six years later, in May of 1954, nine modern fanatics sitting on the U.S.

Supreme Court were destined to use the same 14th Amendment (along with the writings of certain pro-Communist sociologists) as the basis for forcing compulsory mongrelization once again upon the South...

Due to the courageous efforts of aroused Southern whites and the old Ku Klux Klan, the South eventually wrested political control away from negro and carpet-bag rule, thus ending the era of "black supremacy" and restoring majority rule (i.e. "white supremacy"). But within recent years Northern radicals in league with the NAACP and other similar groups have undertaken a revived campaign to impose a new "black supremacy" upon the South. This time they are using Supreme Court decrees instead of Federal bayonets to enforce their plan. And instead of disfranchising white voters, they are seeking to achieve the same goal through propaganda --mainly in the form of appeals for "tolerance", "moderation", "brotherhood" and other thinly disguised brain-washing devices...The idea is to take over the polls before white Southerners realize what has happened...

The above Currier & Ives drawing (made in 1872) was recently featured in the negro magazine, EBONY. It shows seven negroes who represented the states of Mississippi, Alabama, South Carolina, Florida and Georgia in Congress during the infamous era of "Black Supremacy" which followed the Civil War. It serves as a reminder to Southern blacks that they were once dominant in the South, and can be again if they all become active voters. One negro magazine, JET, recently carried an NAACP chart showing the tremendous increase in Southern negro voter registration in recent years, and predicted a vastly stepped-up registration in the near future...

CONCLUSION: Today a relatively small number of militant, bloc-voting Northern negroes are already wielding a dangerous balance of power in the North. In the South, where they are vastly more numerous (and where the white population is relatively much smaller than in the North) negroes can and will literally take over if the NAACP plan for mass negro voter registration is implemented -- as in fact it is already in the process of being implemented. Southerners must not forget that only 75 years ago radical Northerners turned the South into an interracial Hell where "black supremacy" was the order of the day --or that a new crop of Northern radicals, backed by the U.S. Supreme Court, and spearheaded by the NAACP, is intent upon restoring the blessings of a new, streamlined version of "black supremacy" once again in the South. Thus, whether white Southerners want it or not, they are being forced to choose between "white supremacy" or "black supremacy"; there is no middle ground. One thing is certain: unless the South acts at once to head off the forthcoming massive negro registration at the polls, the issue will be decided for them--and it won't be in favor of "white supremacy"....

Despite the Supreme Court's disgraceful collaboration with the alien-controlled National Association for the Advancement of Colored People (N.A.A.C.P.) to bring about a so-called "sociological" revolution in these United States, most Americans still find it difficult to believe that the nation's highest tribunal has been literally and actually captured by alien and subversive influences. Nevertheless, even a cursory look at the Court's membership provides evidence aplenty that such is the case, as the following will illustrate:

ITEM I: The fact has been suppressed, but two Negro-loving members of the Court (Black & Minton) in 1945 attended an inter-racial banquet as guests of honor of one of the most vicious Communist-front organizations in America: the "Southern Conference for Human Welfare". On that occasion Justice Black received an "award" from the organization (his second), while Minton delivered a speech from the dais.

ITEM II: A third member of the Court, Wm. Douglas, who only recently returned from a pilgrimage to Soviet Russia, is notorious for his leftist associations and his softness toward Communism. In 1952, for example, Douglas accepted a \$1,000 "award" from the CIO's "Sidney Hillman Foundation". It was presented to him by the CIO's Jacob Potofsky, himself listed as a member of a Communist-front organization by the Un-American Activities Committee.

ITEM III: It's hard to believe, but two other members of the Court (Frankfurter & Reed) actually doffed their judicial robes to testify as character witnesses for Alger Hiss at his trial. This was not surprising in view of the fact that Frankfurter was originally instrumental in bringing Hiss into the government (along with some 200 other security risks) but the incident does serve as an index by which the calibre of the present membership of the Supreme Court can be gauged.

Since these five leftists alone constitute an absolute majority of the Supreme Court, and since the other four members have long been conspicuous by reason of their ardent pro-Negro sentiments (chief-justice Warren's daughter once "dated" a buck Negro to an inter-racial dance), it is no longer a mystery as to WHY the Su-

The picture to the left, taken from a recent Negro magazine, depicts the ultimate goal toward which the N.A.A.C.P. and the Supreme Court are working. Described below is how they propose to achieve it.

preme Court of the United States has degenerated into a mere mouthpiece for N.A.A.C.P. and other professional race-mixing organizations. Nor is there any great mystery as to WHAT the Court is seeking to achieve, since the picture to the left answers that question in full. The only question remaining is HOW the Supreme Court and the N.A.A.C.P. propose to achieve the total mongrelization of our Anglo-American civilization, and for that answer we need only review the Court's own record for the past seven or eight years.

That record shows that step by step the Supreme Court has paved the way for compulsory mongrelization with almost scientific precision. Their first move (in 1948) was to outlaw "restrictive covenants", thereby opening white residential neighborhoods to Negro penetration for the first time in American history. The next step was to force white restaurants, hotels and other places of public accommodation in the nation's capital to cater to Negro patrons irrespective of personal preference. This was followed by the infamous de-segregation of our public schools, and by subsequent rulings against segregated golf courses, swimming pools, parks, beaches and other recreation spots. Expected soon is a ruling against state laws which prohibit interracial marriages...

Thus is the pattern revealed. Working hand-in-glove with the Jewish-controlled N.A.A.C.P. (itself a Communist-dominated organization), the nine Communist-aiding, Negro-catering "liberals" on the Supreme Court have virtually assumed the role of dictators over this nation's destiny. For the first time in history the American people find themselves at the mercy of a governmental agency controlled by a group of ambitious social revolutionaries who are accountable neither to the people nor to the Congress of the United States. Nor are they accountable to the U. S. Constitution, for they have seized their dictatorial power not by openly defying the Constitution, but by setting themselves up as its sole interpreters and custodians....

It is obvious that these nine Communist-aiding apostles of social revolution must be stopped in their tracks if America's liberties are to be restored. They must be stripped of their power if need be; they must be impeached, if that is possible; they must be defied, if that is the only way remaining. But at all costs this criminal conspiracy must be halted. Let's stop the Frankfurters and the Reeds and the Warrens before it is too late! Let's save America from the unspeakable tyranny of an alien-inspired, court-imposed race revolution! Let's fight back! Let's preserve segregation and racial self-respect!

"THE BATTLE OF CLINTON" -- A SENSATIONAL REPORT

Dear Friend & Patriot:-

You may or may not have read about it in your local newspaper, but a new series of events in Clinton, Tennessee are now in the making which threaten to have a more profound impact upon this generation than any single development in recent years. The nub of the situation at Clinton can be summed up in a single sentence: the Federal Government, for the first time in American history, has decided to interfere directly to compel a Southern community to accept "integrated" schools. This is serious; deadly serious. Here is the situation as briefly as I can give it:

At the instigation of the N.A.A.C.P. earlier this year, a negro-loving Federal judge by the name of Robert Taylor handed down a sneak decision ordering that the high school at Clinton be "integrated". Just why the N.A.A.C.P. selected Clinton as the first Tennessee town to be forcibly mixed cannot be proven, but the fact that Clinton's school officials, the local newspaper and the town mayor all later turned out to be fanatic pro-integrationists suggests that there may have been, and probably was, collusion between them and the N.A.A.C.P. In any event Clinton became the first and only town in Tennessee to be "integrated" when the school term began in September.

The reaction of the local citizens was one of outrage and indignation, with practically the entire population denouncing the move. The situation was worsened by the adamant refusal of Clinton's renegade school board to reverse its plans for de-segregation, and things got completely out of hand when the son of the town's negro-loving mayor organized a trigger-happy "home guard" which proceeded to tear gas a peaceful assembly of local citizens on the courthouse lawn. The reaction of the infuriated citizens was so strong the terrified mayor appealed for the National Guard for protection, and governor Frank ("preacher") Clement, instead of settling the matter peacefully as had Governor Shivers of Texas in a similar situation, ordered "integration" to proceed in Clinton at bayonet point.

The use of tanks and bayonets to compel the acceptance of "integration" aroused indignation not only in Clinton, but throughout the South. "Preacher" Clement, who had reputedly nursed grandiose political ambitions up to this point, easily became Tennessee's most hated man. A close runner-up for the title of most hated man in Tennessee, however, was Federal judge Robert Taylor, who had ordered Clinton's school to be mixed in the first place. Not content with having turned Clinton into an armed camp with his hateful de-segregation order, Taylor further endeared himself by placing the ENTIRE POPULATION of Clinton under a permanent blanket injunction prohibiting them from opposing school integration in any manner, shape or style. One man who dared to publicly voice sentiments against compulsory integration was in fact summarily sentenced (without jury trial) to a year in the Federal penitentiary...

This, of course, was tyranny in its rawest form, for it deprived every man and woman in the community of the free exercise of free speech, free press, freedom of assembly -- and even the right to jury trial. Under those circumstances an American citizen in Clinton had no more rights than a resident of Moscow. If he offended the local Commissar (in this case Taylor) by speaking, writing, passing out literature, petitioning, electioneering or otherwise opposing "integration", he could be sentenced to prison indefinitely upon the whim and say so of Taylor. Keep those facts in mind because they help explain what happened in Clinton last week.

For a while after the National Guard pulled out of Clinton the population offered no resistance, and Clinton remained the only town in the state with an integrated school. But it was a temporary thing and

(Over)

feeling continued on high against the 12 negroes who had forced their way into Clinton high. White Citizens Councils were formed, and even the white students were organizing into an anti-integration group. It became obvious that even tanks and bayonets could not maintain "integration" in Clinton much longer. This realization spurred proponents of "integration" into desperate action...

Early in December the sinister forces who are masterminding the assault on segregation in the South, and who turn the faucets of National publicity on and off at will, launched a nation-wide publicity campaign preparatory to bringing the Justice Department into the case. Suddenly, newspapers all over the country began carrying stories of how negro students at Clinton were being "pushed around" by their bigoted white classmates. Clinton's negro-loving school principal was lionized in Time magazine. A member of the school board appeared on TV. So did the police chief... An egg-throwing incident between negro and white students became nationwide news. The demand of Clinton's renegade school board for Federal "protection" was flashed over TV, the radio and newspaper headlines. Scores of big-city newspapers front-paged the story when Clinton's 12 negro students staged a boycott because of the asserted "abuse" they were receiving from white students. The Communist press began screaming for the Justice Department to intervene. The stage was obviously being set for a show-down in Clinton. It came on December 4th when, by obvious pre-arrangement, the Clinton school board closed down the school and called for the Justice Department to step in...

The school board's pretext for closing down Clinton high school was an altercation between a local minister and six local residents of the community. It happened when a dinky, frustrated little Baptist preacher by the name of Paul Turner escorted several negroes into the school. Later, on the streets of Clinton, he became embroiled in a fist fight with several local citizens in the course of which he received a bloody nose. In all probability he deserved it, since he had deliberately and knowingly provoked trouble when he escorted the negroes into the school. But Clinton's school authorities seized upon the incident as an excuse for closing down the school until the Justice Department could "restore order". At the same time the radio and press ballyhooed "reverend" Paul Turner's bloody nose into such proportions that the nation was given the impression that a reign of terror was being conducted in Clinton...

Shortly thereafter, attorney-general Brownell, who has long ached for an opportunity to "crack down" on Southern segregationists, stepped into the picture. His first move was to order the FBI to obtain the names of the key individuals in the community who were opposing mixed schools (a technique, incidentally, which is widely used behind the Iron Curtain). The FBI, having no choice, compiled a list of 16, and these were arrested on Dec. 6th by U.S. marshals upon orders of the same judge Robert Taylor previously mentioned. They were arrested (and this is important) not because they had violated any law or statute, but for "criminal contempt" of court. In other words, they were arrested for having violated the blanket injunction issued by judge Taylor earlier in the year. Some had spoken against integration at public meetings. Some had distributed hand-bills. Some had helped organize White Citizens Councils. Some had encouraged their children to avoid contact with negroes at school. One was a minister. Some had campaigned for pro-segregation candidates in a local election held only a few days previous to their arrest... None were accused of breaking any law.

That is what happened in Clinton last week. It is very important that you know what it means. It means, first of all, that Herbert Brownell, long a toady of the ADL, has now committed the Justice Department (and the FBI, which is under the Justice Department) to the task of enforcing the Supreme Court's infamous de-segregation decree of May 17, 1954. THE CLINTON STORY

11 children defy racists and citizens rally to aid

By LESTER RODNEY

CLINTON, Tenn.—The Clinton Tennessee story is a story of a racist plot by powerful national forces to stop school democracy in this town—and the story of incredible courage by Negro children and some people of good will, a courage which puts to shame the slow-moving forces of law and order. Bravest of the brave are the 11 teen-age Negro boys and girls who have gone through this for three months and are ready to go back again and again for what their parents call, "Our God-given rights."

"Everything was pretty good for a while," one of the youngsters told this reporter. "Then they started pushing and kicking us in the halls and doing all kinds of things when the teachers weren't there. It's only about 35 or 40 of the students." (There are 700 students at Clinton High School.)

"They call out filthy names, spill ink on our clothes and things like that. It's hardest for the girls; they really made them want to cry."

That's in school. "We've been getting rocks thrown at us on the way home from school, too, since this started up again," the youngster said.

ATTACK ON MINISTER

Negro parents decided finally to keep their children home until they could go with a guarantee of safety. Still fresh in Clinton is the memory of the September rioting in which the state militia was called in.

But when the white minister of the First Baptist church, Rev. Paul Turner, offered to lead them back, six of the children immediately followed him. Then came the hoodlum attack on the minister and the school was closed down Tuesday by the embattled principal, D. J. Brittain.

The small, neat town of some 3,500 population, some 17 miles from Knoxville, in eastern Tennessee, was quiet and troubled-looking when I got there. There was an air of uneasy wariness, but not everybody was afraid to talk.

"These moves were well-planned," Brittain told reporters with bitter conviction. "There has been increasing evidence of trouble ever since Kasper was acquitted." (John Kasper, executive secretary of the Seaboard White Citizens Council, was arrested in the September rioting and later freed.)

Brittain has not backed down one bit in his fight to obey the law of the land. Just the day before closing the school he expelled a white student seen violently pushing another white boy into a Negro girl.

WIFE MAULED

The principal's wife was mauled by two young hoodlums, not students, who came into the school and asked a white student, "Where are some of the n-----s?" The student told them it was none of their business, whereupon they attacked him.

Mrs. Brittain attempted to intervene and was pushed around by the young thugs who then left. It was learned that one of them had been arrested by the militia during the September rioting.

There are 25 teachers at the Clinton High School and though

they profess differing attitudes toward integration they are today unitedly aroused for the rights of the young Negro heroes and heroines. It has not been easy for the teachers, either, I discovered.

"We have put up with things you would not believe could happen in America," one of them said. Crosses have been burned at some of their homes, hate leaflets put on their desks. "We were called n-----r lovers" in the streets for doing our job. This was the work of adults, well-organized adults, not of students. They were using a minority of the students. It all erupted after Kasper was acquitted.

"One Negro girl was called everything, and they threw nails at her," the teacher said with anger and shame. "We need help now with our young people. We need to make their parents know what the Kaspers are doing to their minds."

MERCHANTS HIT

The sudden well-organized terror campaign has intimidated merchants who refused to join the White Citizens Council. The town's weekly newspapers, The Clinton Courier News, which has backed Brittain, says there have been attempts to boycott the paper and "discourage" dealers from handling it.

What must either be the largest or second-largest drug store in town did not have the paper on its newsstand. Windows of a store with which Mayor Lewallen is connected have been smashed.

The fight-back has begun. The attack on the minister Tuesday has aroused many who were dormant before. The reactions for decency include:

Victory in Clinton

Over the news tickers, come the deadpan dispatches from the wire services announcing that Clinton High school reopened peacefully on Monday with eight Negro students in attendance.

But what a story lies behind the matter-of-fact dispatches from Clinton.

It is a story of the heroism of Negro children and their families, sticking it out despite the abuse, insults and violence of organized white supremacist hoodlums.

It is also a story of decency and courage on the part of white citizens like principal D. J. Brittain and Rev. Paul Turner, of decency which won overwhelming victory at the polls when the people of Clinton voted four to one against a ticket backed by the White Citizens Council.

It is, above all, a story that spells the message that school integration can and will work in the South, that portends the inevitable defeat of the racist agitators in the South.

The white supremacists in Clinton failed at the point when the federal government at long last moved in, arrested the leading violators of federal court orders and assured the safety of the Negro children.

It was the hand of the federal government that was the key to the victory.

COMMUNIST PRESS HAILS "VICTORY" IN CLINTON

Barth Brownell's unprecedented decision to use the Justice Department to enforce racial "integration" may have been popular in Clinton (nor anywhere else in the South) but there is no question but that it brought satisfaction to the Communist Party. The clippings on this page were all taken from the communist Party's official west coast newspaper, "PEOPLE'S WORLD". Note the editorial (above) which hails Federal intervention there as a "Victory in Clinton"...

The battle of Clinton

Jail for bigots, school for children

People's World Political Department

In the wake of a Justice Department crackdown on segregationist agitators, the Anderson County school board began planning Thursday to reopen Clinton High School on an integrated basis next week.

A tense week of violence and controversy thus appeared to be ending with a major victory for law enforcement in the little Eastern Tennessee town of 5,000, test tube for carrying out school integration in the South.

Here was the sequence of events:

Negroes were subjected to violence and insults following acquittal two weeks ago by a state court of John Kaspar, White Citizens Council leader from Washington, D. C., charged with sedition.

PLEA TO BROWNELL

On Dec. 3 school board officials urgently appealed to Atty. Gen. Herbert Brownell to crack down on the racist rioters in Clinton. The school board charged that the Justice Department was not enforcing a federal court injunction against interference with integration at Clinton High.

On Dec. 4 the school board closed down Clinton High "until it's safe for children to attend." The action came after Rev. Paul Turner, a white minister who escorted Negro students to school, was brutally assaulted.

The same day, the school board went to court to demand that the federal government enforce integration.

Integration," said the commercial news agency last fall, "passed without incident at Clinton High School." Photo shows an integrated session. Incidents came later, and were climaxed this week with first Federal action to enforce integration.

U. S. marshals rounding up 16 segregationists on the charge of violating a federal court order.

By Dec. 6 all 16, including Chairman W. H. Till of the Anderson County White Citizens Council, were under arrest.

Joseph Diel, a 17th, was arrested the same day when he entered the federal court where the others were being arraigned and started handing out anti-Semitic leaflets.

U. S. Atty. John C. Crawford displayed the leaflets which warned of "coming red dictatorship" and declared "when good Christian people were arrested like they were in Clinton, we have a 'Hungarian' (sic) situation here at home."

Diel is a leader of the White Citizens Councils on whose farm pro-segregation rallies have been held.

here, it will irresistibly spread elsewhere"...

These clippings, it should be emphasized, are typical of the stand the Communist Party has taken on the integration controversy at every opportunity. For weeks now the Communist press has agitated for Federal intervention in Clinton (and throughout the South) to enforce the Supreme Court's infamous de-segregation decree of May 17th, 1954. As the accompanying editorial indicates (left), the Reds are overjoyed over the unprecedented decision of Herbert Brownell to utilize the Justice Department as a tool to force racial "integration" upon the South...

(NOTE: Don't be misled by the "facts" and opinions presented in the clippings on this page. Remember, they are Communist propaganda...)

PEOPLE'S WORLD

Thursday, December 6, 1956

The Clinton story

Out of the violence and turmoil at Clinton, Tenn., there has emerged a hopeful portent not only for Clinton but for the South and the entire nation.

There are still racist hoodlums in Clinton. They still terrorize Negro high school students. They still hurl obscene threats at Negroes. They are still able by the use of intimidation and force to keep Clinton High School, the first integrated school in the old South, closed down.

But they do not represent the white population. They are only a despicable if powerful minority.

This fact becomes clear when the candidates endorsed by the White Citizens Council went down to overwhelming defeat in this week's city election.

For some time now it has been apparent that there are white citizens in Clinton who believe in obeying the law and want no part of racist violence.

Clinton school principal D. J. Brittain Jr. has taken a courageous stand in attempting to make integration work and in condemning forthrightly the hoodlum element in the student body and the adults who egged them on.

There is the fact that the students in Clinton High School repeatedly voted to support their principal.

There is Rev. Paul Turner who escorted Negro students to school, past fearing racists and who was later beaten up for his pains.

These symbols of decency in Clinton acquired new meaning when the town turned thumbs down on the White Citizens Council in Tuesday elections.

The long-silent white South, confused, tainted with violence but still democratic and law-abiding, has at last begun to speak up in Clinton.

There has also become clear in Clinton the source of the power of the rampant white supremacist minority.

This is the absence of effective law enforcement to keep down on violent and conspiratorial defiance of the Supreme Court and of a court injunction restraining resistance to school integration.

School board officials claim that the Department of Justice has given no indication of enforcing the injunction and that local police officers are powerless against the mob.

The problem has thus been dumped squarely in the lap of Atty. Gen. Herbert Brownell and the Eisenhower administration.

The federal government has the responsibility to enforce the decision of the Supreme Court and other federal courts and it cannot shrug it off.

Clinton has become the pivot of the entire struggle for school integration in the South. If integration is to be made to work there it will irresistibly spread elsewhere, and decent citizens in other towns will also speak up.

And it will work in Clinton if Brownell is compelled to do his duty.

Communists boast that Clinton is a "test tube for carrying out school integration in the South"...

Communists praise Clinton's negro-loving school principal but demand "integration" which opposes "integration"...

COMMUNIST NEWSPAPERS GLOAT OVER FEDERAL INTERVENTION AT CLINTON

Every thoughtful citizen should read the clippings displayed on this page carefully. Both are reproduced from the paper, PEOPLE'S WORLD, official west coast newspaper of the Communist Party. One clipping, dated Dec. 7th (above) boasts that Clinton is a "test tube for carrying out school integration in the South". The other clipping, dated Dec. 6th (left) is a Communist editorial entitled: "The Clinton Story". It praises Clinton's negro-loving school principal, D.J. Brittain Jr., for his "courageous stand", and points out that: "If integration can be made to work

Santa Ana, Calif., Tuesday, January 24, 1956

Now-Siberia, U.S.A.

Merely saying that "it can't happen here," simply isn't good enough for we have been given one demonstration after another that it CAN happen here — whether the here is Orange County, California, or the entire nation.

Specifically, we are talking about all of the various mental health bills that are, for some mysterious reason, being pushed down the throats of the American people from every angle.

More specifically, we are talking about House Resolution 3676 which is not something that can't happen but something that has happened. And what happened was that H.R. 3676 has won, by voice vote, the approval of the House of Representatives and is now being studied by the Senate.

Since time is growing short on this vicious measure, which is a good pattern for most of the rest of the mental health bills including the 44 different bills that have been introduced in the California legislature, we want to review it a little in the hope that readers will be moved to write or wire Senators Thomas Kuchel and William Knowland and let them know their viewpoint on the matter.

The story was briefly told in an Associated Press dispatch of Jan. 18 which said:

"The House today approved by voice vote a \$12,500,000 mental health program for Alaska.

"It passed and sent to the Senate a bill authorizing the federal government to give the Territory \$6,500,000 for construction of a mental hospital and other facilities, and \$6,000,000 over a 10-year period to provide an integrated mental

health program."

That's all the news dispatch said. But there is more, much more that ought to be said about this Alaska bill.

Under the terms of the bill, a fair question to ask would be this:

"Is it the purpose of H. R. 6376 to establish a concentration camp for political prisoners under the guise of care and treatment of mental cases?"

The answer, based on a study of the bill, indicates that it is entirely within the realm of possibility that we may be establishing in Alaska our own version of the Siberia slave camps run by the Russian government.

And don't get the idea that, simply because this was designed for Alaska that you, right here in Orange County, couldn't be sent there.

Listen to this:

The governor of Alaska, appointed by the President of the United States, is granted under the bill power to enter into reciprocal contracts and agreements with any state which includes the 48 states, the District of Columbia and the territories and possessions. Through these agreements any state governor and the governor of Alaska may "provide for the residents of Alaska by such state care and treatment of mentally ill and for the care and treatment of mentally ill residents of such state by Alaska, each on a reimbursement basis."

And it is within the power of the governor as to where any mental patient will be hospitalized and he has the right to make transfers at any time that he sees fit!

It doesn't take a giant mentality to see that under this set up it can be brought home right here to Orange County.

Under the terms of the bill it is proposed to grant one million acres of U. S. land to the Territory of Alaska "for the hospitalization and care of the mentally ill in Alaska." One million acres is roughly a little more than 1,562 square miles. The state of Rhode Island has a land area of 1,058 square miles and a population of 791,896. Alaska's area is 586,400 sq. miles with a population of 128,643. The total of Alaska's mental cases over the years averages 345 patients. By comparison with Rhode Island's area and population figures you can see the possible number of buildings and persons one million acres or 1,562 square miles could contain.

A mentally ill person is defined as "an individual having a psychiatric or other disease which substantially impairs his mental health. . . ." This is such a broad definition as to include anything from dandruff, headaches, toothaches, or fallen arches.

Commitment of the "proposed patient" (propose: to nominate for membership in a group) may be in a number of ways. It may be upon the "written application of an interested party"; or it may be by "any health welfare, or police officer who has reason to believe that an individual is mentally ill." Without a written authorization he may "take the individual into custody, apply to a designated hospital for his admission and transport him thereto."

Judicial proceedings for commit-

ment will be held under the direction of a United States Commissioner who may omit notifying the prisoner of such a hearing and said prisoner need not be present at the hearing. In fact, the Commissioner may exclude anyone from the hearing and the Commissioner need not be bound by the rules of evidence.

The Commissioner may make commitment for an indeterminate period or for six months. Although the patient may communicate with persons in or out of the hospital, this privilege is at the discretion of the head of the hospital!

Originally H. R. 6376 contained Sec. 128 (p. 31) which related to punishment for wilfully conspiring to cause the unwarranted hospitalization of any individual. This Sec. 128 has been stricken from the amended bill now in the House for passage!

According to House of Representatives Report No. 1399, the mentally ill from Alaska are presently cared for in a private sanitarium in Portland, Oregon, through a contract from the Dept. of Interior.

This legislation, say its opponents, will place every resident of the United States at the mercy of the whims and fancies of any person with whom they might have a disagreement, causing a charge of "mental illness" to be placed against them, with immediate deportation to Siberia, U.S.A.!

THE AMERICAN NATIONALIST

On April 8, 1957 a source, who has furnished reliable information in the past, made available an undated printed letter signed by Frank L. Britton, Editor of "The American Nationalist," which states in part: *CALIF.*

"The most dangerous bill in modern American history will soon come before the U.S. Congress. This is the administration's so-called "civil rights" law, which is scheduled to come up shortly after the Easter vacation. This vicious measure, if passed by Congress and sustained by the Supreme Court, will for all practical purposes transform the U.S. Constitution into a scrap of waste paper.

"This NAACP inspired 'civil rights' bill is frankly aimed at suspending the Constitutional liberties of forty million white Southerners as a means of forcing them to submit to compulsory mongrelization. To give you an idea of just what the proponents of this un-American law are aiming at, consider the following remarks, which appeared in a recent (March 24) issue of the Jewish-owned New York Times:

"Administration-backed civil rights bills...would make it possible to deny jury trial in many instances', gloated the Times. 'This could be done by empowering the Department of Justice to bring, in the name of the United States, actions for injunctions against persons charged with violation of the civil rights of others...The defendant could not

demand a jury trial as a matter of right... The civil rights people believe and privately say that in many cases it will be necessary to by-pass Southern juries to win convictions in the plainest instances of violations'.

"There you have it. If this bill passes, any white Southerner who dares to oppose compulsory 'integration', either by word or act, can be arrested and sentenced to a Federal penitentiary without jury trial!

"We have only a short time to mobilize against this bill. According to present predictions it will come before Congress shortly after the Easter vacation. It is expected to pass the House without trouble. It may pass in the Senate, too --unless we fight back! We must make every day count. By the time this thing breaks in the newspaper headlines it may be too late for effective action. It is therefore absolutely imperative that we flood the mails with protests to Congress, and particularly the Senate. Urge your Senator to vote against this vicious proposal! Write also to Southern Senators like Byrd, Russell, Irwin, Talmadge, Eastland and others, encouraging them to filibuster the 'civil rights' bill to death! Act on this, I implore you without delay!

"Meanwhile, from our end we shall do everything in our power to spread the alarm and to alert Congress to the danger. To do this we need your help in the form of financial support. We need your dollars and your checks and your contributions --desperately!"

The foregoing is being loaned to you by the FBI, and neither it nor its contents are to be distributed outside the agency to which loaned.

Jewish propagandists (and their gentile apologists) strive by every device and stratagem at their disposal to keep the American public in ignorance of

In the clipping to the left, taken from the MIAMI HERALD, Jewish students at "Brandeis Academy" are shown giving the pledge of allegiance to the American AND Israeli flags. The accompanying article (see inset) also states that ... "each morning they sing the national anthem of both America and Israel". Most Jewish youths attend such schools eventually, where they become fanatic Zionists....

of their Christian neighbors -- usually with disastrous results to the Jews themselves. That is why there were practically no Jews to be found in Western Europe between 1492 and about 1650: they were all deported. England expelled its Jews in the year 1290; France in 1306; Spain in 1492. Except Germany, virtually every other European state did likewise. History shows that Jews invariably generate anti-semitism wherever they go, and that this antipathy is always the result of their own conduct... Their expulsion from Germany in the 1930's, and their current deportation from Egypt, are but sequels of an old story.

The role of the Jew in the modern world has actually changed very little from that of ancient times. Today, wherever you find Jews you will find them still paying their primary allegiance to the tribe, and giving only lip service to the country of their residence. The Jews of Argentina or Egypt, no less than those of England, France and elsewhere, all go through the motions of being patriotic Argentines, Egyptians, Englishmen or Frenchmen, but underneath they are still

Jews and they still reserve their first loyalty for Israel. And in this respect the Jews of the U.S. differ not the slightest from their co-racists elsewhere. For convenience and appearance sake they pretend to be loyal and patriotic Americans, but always their eyes are turned toward Palestine...

No better example of this Yiddish perfidity and disloyalty to America can be found than in the way they educate their youth. Most Jewish parents send their children to special Jewish schools for at least a part of their education, and there they are brazenly instilled with disloyalty to America while at the same time being indoctrinated with a fanatic devotion to the Jewish state of Israel. In these schools, Jewish youths regularly salute the flag of Israel, sing the Israeli national anthem and pledge allegiance to the government of Israel. They are also inculcated with Jewish "folklore", history and a rabid consciousness of Jewish "destiny". They are taught, in other words, to be Jews first, last and always -- and Americans for appearance sake only.

CONCLUSION: Today, as America's second largest minority group (second only in numbers to the Negro population) organized Jewry constitutes a nation-within-a-nation upon American soil. It raises more money annually to finance its activities than does the state of Israel. It maintains a network of Jewish newspapers from coast to coast (secular newspapers, not religious). It operates an independent school system of growing size, its own labor, fraternal and social organizations, and even its own Jewish law courts (called "Beth Dins"). It appropriates, by its own admission, more than \$5,000,000 annually for combating "anti-semitism" (i.e. to stifle criticism). It boasts of employing more paid civil servants (teachers, professionals, social workers, etc.) than does the state of Israel. Its United Jewish Appeal (UJA) alone raises more money for Jewish "relief" annually than does either the American Red Cross or the Community Chest. It promotes bond drives for the government of Israel, and upon occasion has even recruited U.S. Jews for the Israeli armed forces in violation of U.S. laws. It functions literally as a secret government upon American soil...

It should be emphasized that religion has nothing to do with all this. The government of Israel is not a religious institution any more than the government of Syria, Egypt, or Pakistan are religious organizations. Nor is the flag of Israel a religious symbol any more than any other nation's flag. The state of Israel is a sovereign nation and any group of so-called Americans who pledge allegiance to its govern-

ment, sing its national anthem and salute its flag are guilty of treason and subversion to the same degree and in the same measure as if they were pledging allegiance to Soviet Russia, and singing the Soviet national anthem. The same applies to any other nation or flag.

This nation was built by people of diverse national origins: English, Irish, Spanish, German, Scandinavian and many others. They originally spoke different languages and still practice different religious beliefs. But from the time this nation was founded 181 years ago there has never been a recorded instance where one of these national or racial groups deliberately rendered allegiance to a foreign nation, or sought to place an alien flag upon an equal basis with the American flag. None, that is, except the Jews -- and it is high time they were called to account for their actions! The question is no longer one of "dual loyalty", but of treason! #14

Joan Fontaine

and her **NEGRO** screen lover

**JOAN FONTAINE AND HER
NEGRO SCREEN LOVER
COURT RACIAL EXPLOSION!**

The picture on this page, along with the lurid headline above, appeared recently in a nationally circulated magazine. They describe a new interracial movie which will soon be shown in your local theatre. Title of the film is "Island In The Sun", starring Joan Fontaine, Harry Belafonte and James Mason. The picture features not one, but two interracial romances: one between Joan Fontaine and Belafonte, the other between the negress, Dorothy Dandridge, and a white lover.

"Island In The Sun" is Hollywood's first attempt to bring interracial love scenes to the American screen. If successful at the box office, it will open the floodgates for a deluge of similar interracial filth. It is therefore the duty of patriots everywhere to see that this picture meets with such a reception that Hollywood never again befouls the American screen with another like it!

You can accomplish this by following the plan of action outlined below:

...You can insist that the theatres in your town and community refuse to show the film. Don't take no for an answer.

...You can boycott any picture produced by Daryl Zanuck or 20th Century Fox from now on, and urge your friends to do likewise.

...You can encourage local music stores and record shops to stop handling recordings by Harry Belafonte. The same for "juke boxes".

...You can boycott any film in which Joan Fontaine appears, now or in the future.

...You can distribute copies of this tract in your community.

"Island In The Sun" represents a \$3,000,000 gamble by Zanuck and 20th Century Fox. It's up to us to see that it doesn't pay off!

This obscene motion picture will be released very soon now. It is therefore imperative that you act now! Contact your local theatre, your local music shop, your friends and neighbors! Spread the word!

ISRAEL IMMIGRATION

show. In a document entitled: "Israel: Jewish Population and Immigration," the Bureau of Census reveals that shortly after Israel was founded in 1948 there began a huge Jewish migration from the Soviet satellite countries which within a period of 40 months swelled Palestine's pre-1948 Jewish population by almost 50%—an incredible disclosure.

These official U.S. statistics indicate that from May 15th of 1948 to Sept. 30, 1951, a grand total of 298,000 Jews entered Israel from the Soviet satellites. Of these, 100,000 came from Communist Rumania, 114,000 came from Poland,

Most of the Communist satellite nations were under Jewish party bosses during this period: Anna Paucker (Rumania), Mayas Rakosi (Hungary), Jakob Bernan (Poland), Rudolph Slansky (Czechoslovakia), Slansky and Paucker were later purged as Zionist extremists; Bernan and Rakosi remained in power till ousted by the recent Hungarian and Polish revolts.

34,000 left from Hungary, another 19,000 departed from Czechoslovakia, and 37,000 emigrated from Communist Rumania. Eight thousand came from the U.S.S.R., Latvia and Lithuania. This great wave of immigration dwindled to a trickle after 1951 but now has reached flood proportions again.

STRANGE PERSECUTION

Because of Jewish influence over the nation's press, the American public has been kept in complete ignorance of these facts. Few even know the Communist-aided migrations described above even occurred, and even fewer are aware of the current Communist sponsored migrations. Instead, Jewish propagandists have led Americans to believe the funds they are now raising in the U.S. are needed to settle Egypt's "persecuted" Jews in Israel—although the fact is that Egyptian Jews will account for only 25,000 of the 100,000 Jews entering Israel this year. Americans are not being told that the other 75,000 are emigrating from Communist territory—with Communist approval. In fact, Jewish propagandists in the U.S. are striving feverishly to cover up these facts by making it appear that Jews are now being "persecuted" by the Communists.

This, needless to say, is a patent absurdity, since the very fact they are permitted to emigrate from Soviet territories (even taking their possessions with them) indicates clearly that they are receiving privileged treatment over Christians, who, incidentally, are never allowed to emigrate from Communist countries.

A FALSE PICTURE

Actually, the picture Jewish propagandists are painting for the American public, wherein Jews are made to appear as "victims" of Communism while the Arabs are depicted as being friendly to Communism, is a monstrous propaganda hoax. The truth is that the Arab nations are almost without exception anti-Communist. Not only is the Communist party outlawed in the Arab countries—including Egypt—but they obligingly furnish the U.S. with the string of air-bases which endorses the

LOS ANGELES—Senator Wm. Knowland's treacherous decision to lead the so-called "civil rights" fight in the Senate may or may not win him Negro votes when he runs for governor of California next year, but it assuredly has cost him the support of some of his most loyal supporters, including this publication which heretofore has strongly boosted him for president...

NEW YORK—The executive committee of the American Jewish Congress has gone on record in opposition to a proposal to survey the various religious denominations as a part of the forthcoming 1960 U.S. Census. Behind Jewry's objection to an official count of Jews is the knowledge that it would reveal the true number of Jews now residing in the U.S. Jewish propagandists now insist that the present Jewish population here is only 5,200,000, whereas some observers estimate the correct figure may be double that.

WASHINGTON, D.C.—The annual attempt to foist a 49th Oriental state upon the Union will probably get under way toward the end of July when the Hawaiian statehood bill is scheduled to come before the Insular Affairs Committee. Opponents fear that if Hawaii, whose population is more than 85% Asiatic, is admitted to statehood, the way may well be paved for the later admission of Puerto Rico and other Negroidal U.S. possessions to similar status.

LOS ANGELES—A Jewish Telegraph Agency (JTA) dispatch featured in the May 17th issue of the California JEWISH VOICE reveals that for "...the first time in Israel's history" Jewish farmers leaving Communist Poland will bring their cattle and livestock with them to Israel.

SPECIAL.—The recent ouster of former First-Deputy Premier Molotov, Kaganovich and Malenkov from the Communist Party's all-powerful Presidium may be of much greater significance than is generally realized at the moment. Readers of the AMERICAN NATIONALIST will recall we have continuously emphasized that, since Stalin's death, the two men to watch in Russia were Molotov and Kaganovich—the only surviving "Old Bolsheviks" on the Presidium. We have warned repeatedly that the Bolshevik revolution of 1917 was a Jewish revolution, and that both of Soviet Russia's dictators to date (Lenin and Stalin) had Jewish wives. Furthermore, Molotov is married to a Jewess while Kaganovich (who is Stalin's brother-in-law) is a Jew. Like Stalin, both were active in the Party before the 1917 revolution (hence their designation as "Old Bolsheviks"), and so long as the Stalin-Molotov-Kaganovich "trio" endured, Russian Jewry was assured of a continued hold over the Soviet apparatus. Now, with Stalin dead, with Jewish police-chief, Beria, executed, and with Kaganovich and Molotov apparently purged, the question of whether Communism will remain a Jewish controlled movement is at least open to doubt for the first time since the 1917 revolution...

Soviet Union in a ring of steel. And several Arab states have signed anti-Russian defense pacts with the U.S.

By contrast, Israel's Jews allow no U.S. bases in their country; refuse to sign an anti-Russian pact—and permit the Communist party to function openly and legally in Israel.

And although the Communists are desperately wooing the Arab nations in an attempt to uproot our Arab-based airfields (and to deny us access to Middle Eastern oil), the Soviet Union is by no means anti-Israel or anti-Jewish—nor is Israel anti-Soviet. For proof we need only cite the vast wave of Jews now entering Israel with Russia's aid and permission—even while the barbed wire barricades are being tightened to prevent Christians from escaping the Iron Curtain...

laved in Sierra Madre schools despite the bitter protests from the community's Christian majority...

A HATED SYMBOL

These, of course, are but random examples of what is going on continuously. For unknown to most Christian Americans, Jewish agitators, under the pretense of combatting "bigotry" and "prejudice," are in reality engaged in an unrelenting war against the observance of Christmas in the schools, against the mere mention of Christianity by a public official, and against the use of the hated Christian cross at any public ceremony or function—even on the graves of our war dead.

What is more, they insist that the New Testament is "anti-Semitic," and that all references from it should be deleted from school textbooks and history lessons. A story which appeared in the June 14th issue of the NATIONAL JEWISH POST under the headline "Anti-Semitic Textbook Removed After Protest," provides an object lesson. It was written under a Bayonne, N.J. dateline and the opening paragraph reads as follows:

"A textbook has been removed from use in history classes in the public schools here because the American Jewish Congress objected that certain passages were anti-Jewish, it was disclosed today. Sam Brown, New Jersey regional director of the AJ Congress, confirmed the action, which resulted, he said, from a complaint by a Jewish pupil in one of the Bayonne schools."

The NATIONAL JEWISH POST then proceeded to quote the "anti-Semitic" passage which led to the banning of the book, as follows:

"Jesus began traveling about in Palestine, the small land where he was born. He talked to the people who gathered about him. He talked to them about being good neighbors. He told them that all men are brothers. He asked them to believe in a just and loving God who was their father in Heaven. The teachings of Jesus stirred up hate for him among some of the Jewish leaders. They feared that the words of Jesus would make trouble and that the Roman rulers would blame them for it. They urged the Roman governor to do away with Jesus. At last the governor allowed Jesus to be put to death on the cross."

That, if you please, is "anti-Semitism" as defined by the American Jewish Congress. And on the basis of this definition the book was banned from the Bayonne schools. In such manner does a fanatic and highly organized Jewish minority prey upon our tolerance to destroy the religious freedom of an easy going and unheeding Christian majority...

REDS AID VAST ZIONIST MIGRATION

Demand Christian Religion Be Out-Lawed In Schools

SPECIAL.—Because Americans have traditionally upheld the right of minority groups to practice their own religious beliefs without interference, they find it hard to believe that a small, fanatical and highly vociferous minority would seek by organized pressure, tactics to deprive the Christian majority of its own religious freedom. Yet from the record it cannot be denied that U.S. Jewry is presently engaged in a deliberate and calculated campaign to water down, weaken and eradicate Christian influence wherever and whenever they encounter it. And although they constantly stress the theme of "tolerance" in their propaganda, it must be remembered that organized Jewry is not merely non-Christian, but is determinedly anti-Christian, and that they employ appeals to toleration as a device for weakening or destroying religious consciousness among Christians.

Thus, under the pretense of combatting "discrimination," the Anti-Defamation League of B'nai B'rith and other so-called Jewish "defense" agencies have instigated legislation in New York state which makes it a specific crime for a hotel or resort to advertise itself as being "near churches," or to use the phrase, "churches nearby," or similar verbiage in advertisements. The allegation is that use of such terminology is "discriminatory" and anti-Semitic...

Similarly, under the guise of preserving the "separation of church and state," the American Jewish Congress and the New York Board of Rabbis last month succeeded in pressuring New York's state education commissioner, James E. Allen, into ordering a Long Island school district to cease and desist from posting non-sectarian copies of the Ten Commandments in its classrooms. "If the end result of the display," whimpered commissioner Allen, "is to stir up bitterness and dissonance, then it is better that they not be displayed"...

In nullifying the Smith Act last month, the Supreme Court freed five west coast Communist leaders and ordered new trials for nine others—all convicted in Los Angeles in 1952. Shown above are the five freed Communists, all but one of whom are Jews. From left to right they are: P. Conolly (a Seattle), F. Spector, R. Kunitz, H. Steinberg, and, in the inset, Al Richmond, Jewish editor of the Communist paper, PEOPLE'S WORLD. Ultimately, it is expected that about 40 Communists (mostly Jews) convicted under the Smith Act will be freed, while another 27 awaiting trial will probably escape trial.

Communists Hail Supreme Court Rulings As Their "Greatest Victory"

SPECIAL.—From the day Earl Warren took over as chief justice, the U. S. Supreme Court has displayed an utter incapacity to hand down a ruling against either the Communist party or the National Association for the Advancement of Colored People (NAACP). It is not surprising that Warren would be inclined to favor the NAACP; any man who would knowingly allow his own daughter to "date" a buck Negro to an interracial dance (as Warren once did) would naturally be expected to show a strong pro-Negro bias. But his partiality toward the Communist party is a bit harder to explain. Nevertheless it is a fact that within the last thirty days Earl Warren and his cohorts on the Supreme Court have literally paralyzed this nation's defense against Communist subversion through one of the most incredible series of rulings ever handed down by any judicial body. As one observer put it, the Supreme Court could not have

Details of Virginia Warren's date with a Negro, despite the objections of her high school teacher, can be found on page 126 of *Commopollan magazine* (October, 1955).

THREE GOALS

To better understand the real significance of the Supreme Court's recent rulings, the effect of which will be to rejuvenate the faltering Communist conspiracy in this country, it should be remembered that the Communists have long had three major goals. Strictly speaking, they are tactical

rather than propaganda objectives, since the achievement of any one of these would go a long way toward crippling this country's defense against subversion.

Their primary goal has been the emasculation of the Smith Act, which makes it a crime to plot the overthrow of the U.S. government. Since its constitutionality was upheld (by a pre-Warren Supreme Court) the Smith Act has been the government's most potent weapon against Communist subversion. Scores of high ranking red leaders have been imprisoned since its enactment, and fear of further prosecutions has driven the party underground and seriously decimated its membership. It was the Smith Act which to all intents and purposes broke the

Soviets O.K. Vast Jewish Migration From Iron Curtain

SPECIAL.—You haven't read about it in the nation's venal commercial press yet, but a vast sneak migration of Jews from the Communist occupied nations of eastern Europe to Israel is now underway, and has been in process for some months. Current estimates in the Jewish press indicate that about 100,000 Jews will enter Israel this year, mostly from the Communist satellite countries. Twenty-five thousand Zionists from Poland alone have already entered Israel, thus far in 1957. Others are pour-

ing out of Rumania, Czechoslovakia and other Communist-held countries.

To finance this tremendous new influx of Jews, U.S. Jewry, through its United Jewish Appeal, is raising a whopping \$200,000,000 this year—double their usual annual budget. In addition, the Israeli government is reportedly attempting to arrange a \$75,000,000 loan from the U.S. government.

This, of course, is by no means the only time the Communists have opened the floodgates of Jewish immigration to Israel, as statistics compiled by the U.S. Bureau of the Census graphically

COMPULSORY "INTEGRATION" OF TYRANNY

Northern Press Hit For Pro-Negro Bias

TIME And LIFE Magazines Lead Anti-Southern Hate Parade

SPECIAL — The northern commercial press and the major wire services (i.e. AP, UP, INS) have long observed a "gentleman's agreement" under which all news relating to the race question is either slanted to favor the cause of racial integration, or else is suppressed altogether. In short, news which will in any way advance integration (or weaken opposition to it) is given a big play, whereas news which tends to reveal the other side of the coin is either played down, distorted, or smothered. Insofar as the race issue is concerned, at least, we have a censorship in this country about on the par with that of Soviet Russia.

Innumerable instances could be cited to substantiate that thesis. Take the city of Los Angeles as an example. It has been estimated by one reliable authority (U.S. News & World Report) that 50% of all the crimes committed in that city are by Negroes. Whether the figure is accurate or not, it is certain that a very substantial number of the city's crimes are perpetrated by Negroes each year. Yet in the memory of local residents no picture of a Negro criminal has ever appeared in any of the four major daily newspapers servicing the area. Neither are Negro criminals ever identified as such, although a day seldom passes that at least one crime is not sensationalized in one or more of L.A.'s scandal-mongering dailies. Without exception the crimes receiving publicity are committed by whites, and only white criminals ever get their pictures and descriptions in the news.

This, of course, is the crudest and most blatant form of censorship, and it is by no means restricted to Los Angeles; most northern and western newspapers adhere to the same policy to a greater or lesser extent. This velvet censorship goes a long way toward explaining why the population in the northern states, which believes itself to be so well informed on the segregation and race question, is in fact so woefully ignorant of the whole matter.

But the newspapers and wire services are by no means the only offenders. The trend toward censorship is nowhere better exemplified than in the big slick paper weekly news magazines such as Life, Time, Look and Newsweek. These publications make little if any pretense of reporting the news factually; balance, accuracy, objectivity — everything is subordinated to a propaganda line. It is no exaggeration to say they write their news exactly as they write their advertising copy — solely for effect and impact.

In the celebrated Emmett Till case, Life magazine heartily eulogized young Till's father (above) as a fallen war hero, but lapsed into total silence when it was learned that he had been hanged by the Army for murder and rape in Italy...

"Sleep well, Emmett Till; you will be avenged. You will also be remembered as long as men have tongues to cry against evil," snarled Life. But when it was revealed that Emmett Till's "soldier father" had been hanged by the army for the murder and rape of a white woman in Italy, neither Life, Time nor any of the northern papers printed it. From that day to this Life, Time and the other slicks have maintained a discreet silence on the Till case. They did a similar job on the Clinton story. When a trouble-making Baptist preacher by the

same as taking a policeman's gun away from him... To the extreme delight of the comrades, who have vociferously clamored for such relief without avail ever since the days of Martin Dies, the power of the Un-American Activities Committee has been neutralized... stripped away. Small wonder that the Communist leadership should hail these rulings as... "our greatest victory."

That, briefly told, is how nine would-be sociologists sitting on the Supreme Court betrayed this

Typical of how the depraved and pressure-ridden northern press propagandizes the news is the picture above. It depicts what Time magazine and other northern journals hailed as an historic moment in the integration fight: the graduation of the first Negro from a public school in Tennessee. But what neither Time nor any other paper revealed was that their Negro hero was a sullen, knife-wielding terrorist who on numerous occasions had intimidated and threatened to knife Clinton white students...

name of Turner provoked a fist fight and got a well deserved bloody nose for his effort, the northern press (and the TV sets) gave the story a big play. For a while reverend Turner's bruised nose was the most newsworthy object in America, and pro-segregation elements in Clinton who inflicted the damage were pictured as little more than moral degenerates. But as with the Till case, the northern press lapsed into a strange silence when the facts began to go against them. Thus, when Clinton's high school finally was integrated, neither Life, Time nor any of the other northern papers printed so much as a word about the constant racial friction which ensued between white and Negro students.

But while the northern propaganda press stubbornly suppressed all news about the resultant integration fiasco at Clinton High (a fiasco characterized by numerous knife incidents, fights and racial bickering in the classrooms) it jumped at the opportunity last month to print a story which made it appear, at least, that integration was making great strides there. The occasion was the graduation of a Negro student from Clinton High. Scores of northern publications hailed the event with undisguised jubilation, of which the following excerpt from Time was more or less typical:

"On the third anniversary of the

alien-controlled NAACP; last month they gave the Communist party the all-clear signal. It is obviously and clearly time to call a halt to the Supreme Court's vaunted "silent revolution." As to how it should be done: James Byrnes, himself a former Supreme-Court Justice, delivered the formula in his now famous statement of May, 1956, in which he declared bluntly: "The Supreme Court must be curbed." In more ways than one Americans were beginning to see in those words a formula for survival.

U.S. Supreme Court's decision against segregation in public schools," gloated Time, "Bobby Lynn Cain, 17, marched into the gymnasium of the Clinton High School to become the first Negro ever to graduate from an integrated school in the state."

Time then went on to quote some of Cain's pearls of wisdom on integration ("It's been a tough year... but there's got to be a break-up in the old tradition of segregation, etc."). But Time failed to mention that "Clinton's Cain," as they lionized him, was a sullen, knife-wielding troublemaker who had on one occasion been placed in protective custody for pulling a knife on a white student, and who had on numerous occasions been charged with threatening white pupils with a knife. Nothing was said, either, about another of Cain's Negro classmates who was run out of town after threatening white students with a knife...

Propaganda like this goes a long way toward explaining why the population in the North remains in almost total ignorance of the racial problems facing this nation today. The news is either kept from them, or else is so twisted and distorted as to lose all meaning. For this we can thank Life, Time, Look, Newsweek and the rest of the venal commercial press upon which most of this nation depends for its news...

WM. BRENNAN, a former law student of Frankfurt at Harvard, wrote the controversial Jenkins decision, which opened the FBI files to the Communist party.

Senator McCarthy, by the Communist Party, had the Communist Party hailed his nomination with undisguised enthusiasm. The May 28 (1956) issue of the Communist People's World leader him as a staunch defender of the Fifth Amendment, and quoted him as saying the Senate's censure of McCarthy... "gave reason for pure joy and relief."

back of the Communist party apparatus.

THE COMMITTEES
A second major goal of the CP has been to muzzle the Un-American Activities Committee and other Congressional investigative bodies. There is sound reason for this, because it was through these continuing investigations and probes that the nature of the Communist conspiracy was first made known to the public and the various government agencies concerned with it. Today you can go into almost any large public library and find volumes of data on the party; its leadership, its history, its structure, its aims and methods of operation, its dupes and fellow-travelers, its fronts. You can find there, too, the names of thousands of traitors known to be promoting revolution, both from within and without the party.

This vast storehouse of knowledge was not easily acquired. Such men as Martin Dies, Joe McCarthy, Harold Velde, Wm. Jenner, John Rankin and many others laid their reputations and political careers on the line to ferret out and throw the spotlight on these activities. As a result of their disclosures and investigations, and because of the public interest and understanding they inspired, effective legislation (including the Smith Act) and other counter-measures against the Communist conspiracy were for the first time made possible. And the Communists know that so long as the Congressional investigating committees remain on the job, every twist and turn of the party will be charted and publicized. They are painfully aware that the Congressional investigating committees have been the unrelenting nemesis of the Communist party ever since Martin Dies began his first anti-Communist investigations back in the 1930's...

THE FBI
The third major tactical goal of the U.S. Communist party has been to destroy the effectiveness of the FBI — the agency chiefly responsible for gathering the evidence which has led to the imprisonment of numerous party leaders under the Smith Act and the Internal Security Act. It was also the FBI which tracked the Rosenberg ring down, which brought the more recent Solbe ring to justice, and which has so

tated that if they were to regain the ground lost in recent years, or even continue to exist, they must find a way to neutralize these defenses against treason and subversion. But until last month the accomplishment of that goal remained little more than a wild dream to the Communist leadership; no one seriously believed that within a period of days the U.S. Supreme Court would rip the guts out of our anti-Communist defenses and say in effect to the Communist party:

The FBI was the first to feel the blow when out of a clear sky the Supreme Court ruled that it must hereafter turn its files over to Communist lawyers even though to do so means revealing the identity of FBI agents on secret assignments. A few days later, on June 17th, the Supreme Court nullified the Smith Act with a ruling which, although it did not technically outlaw the Act, in effect makes it impossible to enforce. By this ruling the court reversed the convictions of 14 of the country's top ranking Communist officials (most of whom are Jews, incidentally), ordering new trials for nine and the freeing of the other five. From the context of the ruling it was plain that the Smith Act, the government's chief weapon against the Communist party, was a dead law. Even the Communists could hardly believe the good news...

On the same date the Supreme Court dealt a solar plexus blow to the Un-American Activities Committee and other Congressional investigative bodies. The ruling was handed down in the case of John T. Myth Of Six Million Missing Jews Hit

Those "Missing" Jews
Now Settled In U.S.

SPECIAL—Although the United States is by no means the only modern nation where the art of propaganda and press censorship has been developed to a fine point, this country does enjoy one unique distinction which sets it apart from most others. For while many European peoples—and particularly those behind the Iron Curtain—are fully aware that their news is censored and distorted, very few Americans have a similar awareness. Most U.S. citizens, as a matter of fact, will bitterly deny that such censorship exists at all—a state of mind which makes them receptive to the crudest and most blatant forms of propaganda.

The most glaring example of the American public's vulnerability to propaganda is the uncritical way it has swallowed (and continues to accept as gospel truth) many of the absurd propaganda fairy tales which came out of World War II. The fantastic story of the six million Jews who were supposedly gassed and cremated by the Germans at Dachau, Buchenwald and other "extermination camps" is a case in point. Save for the germ warfare charges made against the United States by the Communists in Korea (a myth which is still firmly believed by hundreds of millions of Asiatics today) it is doubtful if a single other propaganda shibboleth has ever before been believed with such intensity by so many people as this one. And it is believed nowhere with greater fervor and conviction than in our great universities and seats of learning, where the account of Germany's slaughter and cremation of six million Jews is not only accepted without question, but is taught as bonafide history to the new generation.

Yet it can be proven beyond a peradventure of a doubt that the alleged mass cremation of Jews in Germany had little more basis in fact than the germ warfare charges of the Communists. Both are monstrous propaganda fabrications.

THE MYTH
—Disproving the myth that six million Jews perished in World War II is not too difficult, once the Jewish propaganda technique is understood. Basically they utilize two methods to feed the myth. The first is to repeat the lie continuously and without letup. The second is to juggle population statistics. These Jewish statistics (which can be found in any World Almanac) purport to show that whereas the world's total Jewish population was 16,600,000 in 1939, it had been decimated to a mere 11,800,000 by the end of the war. The missing, they would have you believe, were cremated at Dachau, Buchenwald, Maidanek and other "nazi" horror camps.

What they have pretty obviously done is to doctor their statistics, taking advantage of the vast shift of Jewish population which came about before and during World War II. For example, the pre-war Jewish population of Soviet Russia is placed at 3,020,000 by the American Jewish Committee (see World Almanac, 1942; also Encyclopedia Britannica). But they place the current figure at only 2,000,000—a net loss of over 1,000,000. Yet there is every reason to believe the present Jewish population of Russia is vastly greater than before the war.

THOSE MISSING JEWS
Aside from natural increase, large numbers of Jews were acquired when Russia annexed Lithuania, Latvia, Estonia and eastern Poland prior to the war with Germany. This ballooned Russia's Jewish population to well over four million—possibly over five million—by 1940. In addition, huge numbers of Jews from West Poland, Hungary, Rumania and other European centers of Jewish concentration certainly found their way into Soviet Russia during the war, just as countless hordes of their coreligionists made their way to the U.S. during that time. By every rule of logic, therefore, the present population of Russia, like the U.S., should be much greater than before the war, not less. Yet current Jewish statistics show Russia's current Jewish population to be only 2,000,000.

DOCTORED STATISTICS
They doctor U.S. statistics the same way. For instance, American Jewish Committee statistics show 4,770,000 Jews residing in the U.S. in 1938. Today, 19 years later, they place the figure at only 5,000,000—a clear distortion,

In World War II the prime object of Jewry's spite was Adolf Hitler. It was this Jewish hatred which forged the unholy alliance between the Western world and Communist Russia in a "crusade" against "Nazism." Among other things the German chancellor, shown above conferring with Mussolini at Brenner Pass, is accused of exterminating most of German Jewry at

Dachau and other "death camps"—this despite the fact that a large percentage of Germany's 500,000 Jews had already been deported before the war began in 1939 (mostly to the United States). . . . Today Jewry's hatred is directed at a new enemy: Colonel Nasser of Egypt, whom Jewish propagandists have labeled the "Hitler of the Nile." And as with Hitler,

they accuse Nasser of "persecuting" Jewry—notwithstanding the fact that Egypt has just been savagely and treacherously attacked and invaded by Israel's Jews. Yet such is the Jewish hold over the American press that many Americans have actually been conditioned to look upon Nasser as the aggressor, and "little Israel" as the victim of aggression. . . .

since natural increase (i.e. births) alone would push the figure far past that mark. Legal immigration during those 19 years increased it even more. Add to that the illegal and non-quota entries and you have a Jewish population vastly in excess of that admitted by organized Jewry.

Why, then, have Jewish propagandists juggled their population statistics to hide this huge increase? The answer, obviously, is that tremendous numbers of those Jews who were supposedly cremated by Hitler are now settled comfortably in New York, Los Angeles, Miami and other mecca of Judaism throughout the U.S. Hordes of others have swelled the Jewish colonies of South America, England, France, Canada, Israel and Soviet Russia (the Jewish population of Moscow alone was estimated at 500,000 by New York Times correspondent Salisbury last year). Thus, it is fairly obvious that those six million Jews are missing on paper only. . . .

THE EVIDENCE
Needless to say, this argument would fall apart if evidence could be produced to show that six million Jews actually were slaughtered by the "nazis." But where is the evidence? Where are the mass graves? The remains of six million Jews cannot be hidden; the Russians could not hide the physical evidence of the Katyn massacre, in which 10,000 Polish officers were butchered. Where, then, are the graves of those missing six million Jews? Ah, they were cremated; all that remains are the ashes. . . .

Thus, the myth of the German crematoriums was invented out of sheer necessity. It relieved

Jewish propagandists of the necessity of producing the physical evidence to back up their hysterical propaganda lie that six million Jews perished at the hands of Hitler. . . .

SOME FACTS
It should be made clear at this point that a large number of Jews did die during the war years of 1939-45—from natural causes. The normal mortality rate in Europe and Russia roughly averages about 1 1/2% per year of the total population—every year. Among Europe's eight million Jews, therefore, about 120,000 annually could be expected to expire from old age, infant mortality, disease, accidents and other causes. In six years this would amount to over 700,000—possibly 800,000—Jewish mortalities. These can hardly be counted as casualties of German brutality, however, even if they did occur during the war years, or even, for that matter, if many did occur in German detention camps. . . .

In addition to these normal deaths, several thousand (possibly many thousands) Jews undoubtedly were killed or executed for various offenses, such as guerrilla activity, and a much larger number must have succumbed to the hard conditions more or less typical of any prison regimen.

RETURN TO DACHAU
But as for the story of millions of Jews being marched into massive gas ovens for extermination: a child can see through it once the evidence is in. You have only to visit one of the more publicly German prison camps such as Dachau to see for yourself it is a myth. You will find a crematorium at Dachau, yes, just as

(Continued on Page 3, Column 1)

Real Truth About Dachau Prison Told

(Cont. from Page 2)
you will find them at some U.S. penitentiaries, but it is not a mass crematorium. There is also a gallows there, as there are at some U.S. prisons; but the gallows is hardly an instrument of mass extermination.

But since you will probably never visit Dachau personally, perhaps the eye-witness report of one of the Jews who was formerly imprisoned there, and who only last year returned there for a visit, will suffice. His report is to be found in the February (1956) issue of the American Jewish Committee's monthly periodical, "COMMENTARY"—one of organized Jewry's major mouthpieces. The article is entitled: "Returning to Dachau," by Bruno Bettelheim, and it describes Dachau in gory and horrendous detail: the crematorium, the gallows, the death chamber—all have been preserved intact as a "memorial," according to Bettelheim. Let us take his description of the place, word for word, as it appears in "COMMENTARY":

"Of course, I saw signs explaining what each place of horror had been used for," wrote Bettelheim. "Maybe what oppressed me was the smallness of it all. It was hard to imagine, looking at the neatness of everything, that tens of thousands of people had over many years suffered incredible degradation and pain here. True, in a way the orderliness and dispatch with which bureaucratic transactions in human lives were once effected here had been one of the supreme horrors of the place. But this, too, no longer came through from the present neatness and orderliness. The little box that had been the death chamber could not have held many prisoners at once. There were only two openings, each admitting but a single corpse at a time to the oven of the crematorium. The two burial places, one marked with a wooden cross, the other with a Jewish star—pits into which the ashes of thousands of human beings had been dumped—were each not much larger than an individual grave."

That is the way Bruno Bettelheim, a former Jewish inmate, described Dachau as he saw it on his return there only last year. It all sounds pretty horrible. His talk about the "death chamber," the crematorium, the "pits into which the ashes of thousands of human beings had been dumped"—all are calculated to inspire revulsion for the bestial Germans who operated the place, and to arouse pity for the Jews who perished there. You have heard the same story, with slight variations, many times before.

But notice: there is a serious inconsistency in the picture. Notice that this extermination place, this scene of mass slaughter, this place of horror, has only a tiny crematorium capable at the most of disposing of two bodies at once. (Notice, too, the author's yeasay trick of referring to the

crematorium as a "death chamber"). We are asked to believe, in other words, that the Germans conducted a mass slaughter of Jews here—two at a time! Here, supposedly, were cremated

in a prison camp the size of Dachau it is to be expected that inmates would expire from time

When Adolf Hitler began deporting Jews from Germany in 1933, all the world was aroused over the pitiful plight of the victims. By contrast, however, when the Jews carried out an even more brutal expulsion of Israel's Arab population in 1948, hardly a word of the incident reached the American public. To this day Americans remain largely ignorant of the fiendish atrocities committed against the Arabs in 1948—and which are still being committed against them. Not a word of criticism appeared in the press; not a single atrocity picture like the one above was printed. Yet the story is well known. In 1948, when

the British pulled out of Palestine, the population of the territory consisted of about 1,000,000 native-born Arabs—and roughly 600,000 Jews, most of whom were recent immigrants. When the Jews declared Israel to be a nation, their first act was to embark upon a deliberate reign of terror calculated to drive the native Arabs from the country. Homes were dynamited, Arab women and children were bayoneted, entire families were executed. The brutality of this Jewish terror can be judged from its success: Within days more than 80% of the country's Arabs had fled into the surrounding desert, taking with them only what they

could carry. Israel's Jews immediately seized all the Arab's "abandoned" property: homes, farms, stores, banks, everything. Today, almost 500,000 of these embittered Arab refugees are jammed in camps in the Gaza strip and other border areas, many within sight of their former homes, now occupied by immigrant Jews. That is the story behind the present tension in the Middle East, yet Jewish propagandists have not only kept these atrocities out of the American press, but have actually made it appear that Israel's Jews are somehow the victims of Arab aggression. . . . You figure it out. . . .

to time, and we can presume an occasional use of the crematorium's facilities. But its very smallness precludes the possibility it might have been used for mass cremations—even if the fuel-starved Germans had been willing to waste the necessary coal for such a project.

The latter point is important. For while we can imagine an occasional cremation, the suggestion that they would divert millions of tons of precious and desperately needed coal (or equivalent fuel) to burn six million Jews is too utterly fantastic to entertain—even if you are willing to believe that an industrious, hard working, highly Christianized nation such as Germany would resort to such incredible barbarism to begin with. . . .

Still, millions of Americans continue to believe the fantastic lie that six million Jews perished in German "cremation ovens"—just as countless millions of Asiatics still believe that Americans waged "germ warfare" against North Korea in 1950. . . .

CONCLUSION: When the Allied armies overran Germany in 1945, one of their first acts was to send photographers and reporters to the prison camps, of which Dachau was one. Conditions there were indescribable. Administration had broken down completely. Inmates were dying like flies from disease and malnutrition. All were weak from hunger and cold. The dead were unburied. . . .

These scenes were photographed in stark detail and distributed widely all over Europe and America by newsreel, newspaper and picture magazine, thus giving credence to the pathological Jewish propaganda lies which followed. These pictures, more than anything, made it possible for Americans to believe the Jewish lie that six million Jews perished in German "extermination

camps".

Admittedly, conditions were terrible in the German prison camps in the last days of the war. But the point to remember is that conditions were terrible outside, too. By the war's end Germany had been under massive air attack for three years. Its cities lay in ruin, millions of its people were named, homeless and near starvation. An estimated 500,000 non-combatants (including school children, babes in arms, the aged) were slaughtered by Allied bombs. In some cases decent burial was impossible, and the dead were interred in mass graves by the trainload (all this time Germany was supposed to be meticulously and tediously cremating millions of Jews). But you saw none of these photographs, though they were at least equal to any taken in the prison camps. Instead, the only photographs you saw were those of concentration camp inmates—the "victims" of "Nazism." (You weren't told that at least some of these pitiful "martyrs" were common criminals). . . .

In this way were Americans brainwashed into accepting the fantastic myth that six million Jews perished in German crematoriums. History will someday reveal that this myth was inspired by international Jewry's almost pathological hatred of Germany, and that the perpetrators of this most vicious of propaganda frauds were in fact the real war criminals of World War II. . . .

Meanwhile, the ghosts of those six million Jews have taken over the main street of practically every town and city in the U.S. . . .

Defamation League of B'nai B'rith to put the final touch to this mockery of a free press by getting out a fancy six chapter "report" of its own last month in which it sought to show that "integration" in Washington's schools, far from being a failure, had indeed been a "miracle of social adjustment". Typically, Time magazine hailed the Anti-Defamation League report in an article entitled: "Miracle on the Potomac" in its Feb. 25th issue. The Anti-Defamation League's "report" (it's actually titled: "Miracle of Social Adjustment") was compiled by a renegade Washington school official by the name of C. F. Hansen, and it is aimed primarily at the nation's educators, which the ADL makes a specialty of propagandizing regularly through its numerous branch offices throughout the country.

Since the vast majority of the school teachers and educators receiving the ADL's propaganda opus, "Miracle of Social Adjustment" haven't the foggiest notion of the facts turned up by the Davis Committee, it behooves us to review some of the Subcommittee's findings to better judge for ourselves whether the "integration" of Washington's schools did in fact result in a "miracle of social adjustment". Here are some of the conditions uncovered by the Davis Committee:

ITEM: The "integration" of the District's schools resulted in a mass exodus of white students from Washington into the surrounding (and still segregated) suburbs. Concurrently, there has been a vast increase in Washington's Negro enrollment. Today Negroes already outnumber white students 73,723 to 34,750.

ITEM: Sex problems and venereal diseases have become serious problems in the newly integrated schools. Here is the way the Davis Committee describes the situation in its official report:

"One of the dangerous and deplorable developments in the District of Columbia schools is the sex attitude of the Negro—even down into the lower elementary grades. The fact that 13 little Negro girls—6 years old and under—were treated for gonorrhea in 1955 is only a sample of the sex attitude found in the District of Columbia today. Teachers in the integrated schools reported deplorable conditions in sex contacts in their schools. Reports of attempted rape, assaults, chasing girls and even teachers. Negro girls soliciting boys at school, sex talk, and suggestive talking and attempted fondling of white girls, and innumerable sex affronts were reported by the school personnel that was interviewed. Illegitimate children born to 15-year-old girls increased 42% during the first year of integration over the previous year. Very few whites were involved. The increase for girls under 15 years of age was 23%. The Department of Health

WASHINGTON, D.C. (Delayed) — The CHICAGO TRIBUNE has published a breakdown of official statistics which show that the state of Israel, with a population of 1,675,000, has received more foreign aid grants and credits from the U.S. treasury than all the Arab nations combined during the past eight years. The Arab nations, with a total population of 63,761,000, have received \$376,322,000 since 1948, while Israel obtained \$404,000,000 in U.S. funds during the same period. On a per capita basis this means the impoverished Arabs have received slightly less than \$6.00 each in U.S. aid, as compared with \$241.00 for each of Israel's Jews. In addition, TIME magazine in its Jan. 21, 1957 issue reveals that the state of Israel has collected almost a billion dollars (mostly tax free) from U.S. Jewry since 1948. Of this, TIME listed \$270 million as coming from Israeli bond sales, while more than \$700 million was raised by Jewish "charitable" organizations.

SAN FRANCISCO—After operating for more than 19 years as a daily newspaper, the Communist Party's west coast organ, PEOPLE'S WORLD, has folded as a daily, will hereafter publish only once a week. Declining subscriptions and financial support were given as reasons for the move. In announcing the decision to publish as a weekly, PEOPLE'S WORLD claimed it had distributed more than 50,000,000 copies during the past 19 years. Since the paper is mailed out under second class permit at 1/4th of a cent (1/4c) per copy (for two ounces), and since the Postal Department claims to be losing money on its first class mail (at 3c per ounce), it would appear that the U.S. Post Office has subsidized the Communist PEOPLE'S WORLD to the tune of several million dollars since 1937. (Note: The Postal Dept. has thus far conspicuously failed to enforce a law passed by Congress more than five years ago which requires Communist literature going through the U.S. mails to be labeled as Communist propaganda.)

PARIS—A two day conference of the executive committee of the European section of the World Jewish Congress (WJC) meeting in Paris earlier this month has, according to the Jewish Telegraph Agency, demanded that Egypt be made to pay reparations to Egyptian Jewry "... for damage caused Jews and for property confiscated from them by the Nasser regime".

ST. LOUIS—John Hamilton, editor and publisher of the periodical known as the WHITE SENTINEL, was convicted last month in a St. Louis court on charges of homosexual activity. Hamilton, a self-proclaimed "former Communist" ("I was branded with the number, 666") was first arrested last year on several morals charges, including a sodomy offense against a 15 year old boy. Although his name no longer appears on the masthead as editor, Hamilton continues to edit and publish the WHITE SENTINEL despite his pretended "resignation" some months ago.

reported 854 cases of gonorrhea alone among school children in 1955—97.8% were Negroes".

ITEM: The crime rate is vastly greater among Negro juveniles of school age in Washington, as indicated by the following statistics released by the Davis Committee:

Out of 1814 juveniles of 17 and under arrested on felony charges, a total of 1438 were Negroes; only 376 whites. For such crimes as murder, rape, attempted robbery and drug violations, Negroes accounted for ALL the arrests. They accounted for 97% of the robberies, 86% of the attempted rapes and 92% of the thefts.

ITEM: The Davis Committee published statistics which showed conclusively that the mental capacity of the Negro student is vastly below that of whites—at all age levels. At the third grade level, Negroes were already a

full year behind whites in educational achievement; at the eighth grade level the differential was more than two grades. Citywide achievement tests (the Iowa test) among 12th graders showed, according to the Subcommittee's report, that white students in Washington scored among the TOP 5% of the nation's high school students, but that its Negroes scored among the LOWEST 5% of the same group. "The results of these tests," reported the Davis Committee, "admittedly shocked the school administration. It was particularly shocking when it discovered that there were a great many students, the overwhelming majority being Negro, in the senior high school, who could only read on the third, fourth and fifth grade level".

ITEM: Most revolting of all was the breakdown of discipline and morale which followed integration;

a breakdown which is driving white teachers, as well as white students, out of the District's schools. Here are a few excerpts from the testimony of Washington's teachers and principals as given before the Davis Committee:

Mr. Hugh Smith (a principal): "At times I heard colored girls at the school use language that was far worse than I have ever heard even in the Marine Corps... Fighting, including several knifings, went on continuously... There have been more thefts at Eastern in the last 2 years than I had known in all my thirty-odd years in the school system... Never, in all my experience, have I observed such filthy and revolting habits in the lavatories. Some of the urinals were completely torn away from the walls..."

Mr. Arthur Story (teacher): "There would be such things as stealing, boys feeling girls, disobedience in the classroom, failure to obey teachers, carrying knives, and that type of thing... During 1955 I imagine we called the police about 50 times. However, the newspapers claimed only 4 incidents in 3 years..."

Mrs. Elva C. Wells (principal): "Prior to integration we did not have anything like the foul and obscene language we have had since integration. Obscene language has caused many fights. It is this language, both among girls and boys that is the greatest cause of disturbance... We have found obscene notes being passed around the classrooms. Some very bad ones. Writings on the walls, on the stairways, and in the lavatories of obscene words and obscene pictures... Some of the things are small things, but it happened so often I am going to mention it. A Negro girl will stand in the aisle and dare a white girl to pass her... Or walking down the halls and stepping on their heels. Little things that show an antagonism for which I can see no reason. Those students were made welcome. Our building is made as attractive as it can be... Another thing, where I have almost lost some of my custodians on this, is the use of the radiators and the lobbies in the auditorium as urinal stands; also the steps as a toilet, inside the building... Expecting on the steps and in the halls; stealing food in the cafeteria... It seems to me that certain ones have failed to accept the wholesome friendship which has been proffered to them at our school. Many show this attitude of belligerence, sullenness, impertinence and aggression for which I see no cause whatever..."

There is more of this testimony: 500 pages of it. But the above samples will give you an idea of conditions in Washington's integrated schools today: conditions which the Anti-Defamation League of B'nai B'rith would have you (and the nation's educators) believe represent a "... miracle of social adjustment".

"INTEGRATION" SCANDAL EXPOSED

N.Y. Uses Busses To Bring Negroes Into White Schools

NEW YORK—Cynics have sometimes expressed doubt as to whether New York City, long the recognized seat of America's financial power, is really an American city at all. Its population contains more Jews than the entire state of Israel; more Puerto Ricans than the capital of Puerto Rico; more Negroes than any city on earth; more aliens (reportedly) than native-born Anglo-Americans.

Yet this ghetto-city of aliens and coloreds not only controls the reins of America's financial power, but is the source and origin for most of the racial strife and agitation now engulfing this nation. New York City, as a point of fact, is the headquarters for all of the country's professional race-mixing organizations, including the N.A.A.C.P.

Understandably, therefore, New York City has long led the nation in its "progress" toward total and compulsory mongrelization at every level: employment, housing, recreational facilities, hotels, resorts—and, of course, education.

Not content with this "progress", however, the N.A.A.C.P. recently began agitating for a more complete "integration" of the city's schools. It seems that despite all their vaunted "progress" to date, many white children still go to all-white schools, while some Negroes continue to attend colored schools. The N.A.A.C.P. demanded that this "pattern of segregation" be broken up. As a result, New York's school authorities embarked upon a city-wide program designed to "integrate" every school in the city by re-zoning (gerrymandering) the school districts. This worked where Negro and white residential areas adjoined, but it left some white schools still unmixing.

Last month, under prodding by the N.A.A.C.P., New York school officials announced a final solution to their problem: heretofore bused would transport Negro students into the remaining all-white schools. "No child," blubbered the board of education, "should be deprived of the right to attend a mixed school".

When National Guard bayonets, and later the FBI, were called out to enforce "integration" in Clinton's high school, the press corps was out in full force for the "victory" in Clinton. The town was inundated with swarms of photographers, reporters, TV cameramen and other assorted

journalists. Clinton was big news then—in long as the news favored "integration". But when Clinton's Negro students (shown above) began using knives on their white classmates, the press suddenly lost interest. Since then, a curtain of censorship has cut off all news from Clinton...

Report From Clinton: Negroes Use Knives On White Classmates

CLINTON, TENN.—Last year the quiet little town of Clinton, Tennessee became a storm center of controversy when the state's renegade governor, "preacher" Frank Clement, attempted to force compulsory "integration" upon the unwilling community at bayonet point. For months thereafter every incident and happening in Clinton made the national headlines. When a dinky, trouble-making little Baptist preacher by the name of Paul Turner provoked a fist fight over the integration squabble (and got a bloody nose for his trouble) he became a television hero. Likewise, when attorney-general Brownell ordered the FBI to arrest 16 of the town's most outspoken segregationists, his action was hailed with headline and editorial from coast to coast. Ed Mirrow even got into the act by turning out a lying propaganda film which he unctuously entitled: "Clinton and the Law". And when Clinton's high school re-opened under the watchful eye of the FBI, a dozen reporters and press photographers were on hand to record the triumphant return of the Negro students. Then suddenly all was silence; not a word came out of Clinton. A curtain of censorship suddenly enveloped the town... This abrupt loss of interest by the northern press was the result of a series of incidents which occurred after the Negroes re-entered Clinton high; incidents which you are not supposed to know about. One involved a Negro pupil by the name of Cain who made a practice of "bumping" white students in the halls, and threatening those who protested with a switch-blade knife. Another concerned a dull-minded 21-year-old Negro pupil who brutally beat up a 15 year old white student—and threatened several other students with a knife. This particular Negro fled the county after his house was dynamited. The nation's press reported the bombing briefly last month, but did not mention the knife incident which provoked it...

Since the dynamiting there are, at last report, only two of Clinton's 12 Negro students still attending school, despite Brownell's FBI, Clement's bayonets and Judge Taylor's injunction. But of this the kept commercial press reported nothing...

House Committee Bares Washington Integration Fiasco

WASHINGTON, D.C. — Last September a Congressional Subcommittee headed by one of the South's great lawmakers, Rep. James C. Davis of Georgia, conducted a series of open hearings into the "integration" scandal in Washington, D.C. schools which would have rocked the nation—had the American public been fully informed of it. The Davis Committee's investigation revealed for the first time what really happened in Washington's schools when "integration" came.

With the notable exception of U.S. News & World Report, however, the kept commercial press presented such a slanted and distorted account of the Subcommittee's findings...

Heading the Subcommittee which exposed the Washington, D.C. school scandal was Rep. James C. Davis (center) of Georgia. Also on the Subcommittee was Rep. John Bell Williams, famous for his earlier exposure of Negro crime in the nation's capital. mitted investigation that relatively few Americans had any real idea of what it was all about. Most newspapers devoted far more space to attacking the Davis Committee than in reporting its findings...

Leading the smear brigade against Rep. Davis and his colleagues on the Subcommittee was, of course, Time magazine, which strived mightily to convey the impression that "integration" in Washington's schools was a howling success, and that the Davis Committee's criticism amounted to nothing more than a manifestation of Southern prejudice and discontent.

But it remained for the Anti-Communist Commercial Press to report nothing...

Dear Mr. Hoover:

We received the enclosed letter in the mail Sept. 30, 1957, and it infuriated us. First of all, how our name was gotten, secondly, how many more people are receiving such vicious propaganda, thirdly, what holocaust, literature such as this, could cause in our nation, due to the racial trouble now existing.

We want our name removed from such lists, as this definitely sounds subversive to us.

Thanking you in advance, for your attention to this matter, we are,

THESE ARE THE FRUITS . . .

Propagandists for racial integration are fond of pointing out that young children, when mixed with Negroes, show absolutely no racial "prejudice" or awareness of skin color. This, they contend, "proves" that race consciousness is unnatural, and that children are taught racial "bias" by their elders. That sounds like a good argument, but it isn't, because the truth is that young children are equally unprejudiced against dirt, poisonous

insects and a multitude of other harmful or undesirable things. The fact that very young children display no racial awareness proves nothing—except that they need to be taught racial self-respect along with their table manners and personal hygiene.

On the other hand, if white children are thrown together with Negroes at every possible opportunity (as these Los Angeles City College students were) and are taught that racial integration is one of nature's noblest virtues, then scenes like the ones shown here will eventually be duplicated on every college campus in America . . . It's being planned that way.

No organization in America has a worse record of promoting racial integration than the Ford Motor Company and its subsidiaries, Lincoln and Mercury. Most of the firm's net profits each year go to support the Ford Foundation, which in turn subsidizes countless groups and organizations seeking to foist compulsory integration upon the South.

Adding insult to injury, Ford's Lincoln-Mercury division also sponsors the Ed Sullivan Show, notorious for its offensive use of Negro entertainers on its Sunday night program. It is high time Americans learned that every time they buy a Ford, Lincoln or Mercury product, they are financing racial integration **WITH THEIR OWN MONEY!**

HERE IS PROOF THAT THE N.A.A.C.P. . . .

Despite the fact that it is one of the most widely publicized, and one of the most bitterly criticized, organizations in America today, relatively few Americans are familiar with the name or face of the sinister figure who masterminds the so-called National Association for the Advancement of Colored People (NAACP). He is Albert B. Spingarn (left), president of the NAACP since 1939—and he is not a Negro but a New York Jew. Yet our newspapers never print his name or picture: instead, Negro "fronts" (such as Roy Wilkins and Thurgood Marshall) are always pictured as the leaders of the organization . . . Thus does our venal commercial press give aid and comfort to the NAACP and its alien leaders . . .

SENSE AND NONSENSE ABOUT NEGRO "RIGHTS"

Fundamentally, there are two approaches to the question of "integration" vs. segregation. One is the voluntary way; the other is the compulsory way. In other words, we can have voluntary segregation, or we can have compulsory segregation. By the same token we can have voluntary "integration" or compulsory integration. Most Americans believe the voluntary way is the American way: that those who wish to segregate themselves (whether they be white OR Negro) should be allowed to do so, and that those desiring to "integrate" should likewise enjoy that privilege -- bearing in mind that no one should be forced to do either against his will! In short, if a parent of "liberal" persuasion wishes to enroll his children in an "integrated" school, he should by all means enjoy that right -- but **NO ONE SHOULD COMPEL HIM TO DO IT!** Likewise, if a confirmed integrationist wishes to live in a mixed neighborhood, bathe in an interracial pool, attend mixed dances and social affairs, or eat and sleep in interracial hotels and restaurants, he should not be deprived of that joyful experience. But again, no one should compel any American citizen to do any of these things. The freedom of choice is an inalienable American right!

But radical groups such as the NAACP and the Urban League do not endorse that democratic American way. Instead, they advocate the autocratic and dictatorial doctrine of compulsion and

force! In fact, they insist upon the compulsory mixing of the races as a basic Negro RIGHT! Given below are just a few of the "rights" demanded by the NAACP and other professional race-mixing agitators "rights" which they would enforce at bayonet point

THE RIGHT TO "FAIR EMPLOYMENT" (F.E.P.C.)

"Fair Employment", to the NAACP, means not just the right of Negroes to work at equal pay. To the NAACP, "fair employment" means the "right" to force employers to hire Negro help... The right to coerce business firms into promoting Negroes once they are hired... The right to compel white employees to work under Negro bosses... The right to make white workers share common eating, drinking and toilet facilities with Negroes... The right to force "equality" upon white workers, and the right to jail or fine those who resist...

NEGRO "BOSS"...

...AND WHITE SECRETARY...

THE RIGHT TO MINGLE...

The NAACP claims the right to mix with whites any time, any place... The right to mix with you on the beach, at the dance, at church, in your living room... The right to mix and mingle with any white, anywhere -- with your family, with your children, with your daughters... The right to force you to mix, and the right to make you like it...

THE RIGHT TO MIX...

...AND THE RIGHT TO MINGLE...

THE RIGHT TO COMPULSORY EQUALITY

The ultimate goal of the NAACP is compulsory "equality" for the Negro... Equality on the job, at play, at the altar... ("The race problem", boasts some Negro radicals, "will eventually be resolved in the bedroom"). And the NAACP is determined to force this concept of "equality" down the throats of white Americans at bayonet point if necessary.

AT THE ALTAR...

...ABSOLUTE "EQUALITY".

TOTAL INTEGRATION MEANS...

Obviously relishing integration, these northern Negroes have already taken white wives.

The pictures shown here should be of particular pride to the rabid advocates of racial integration and inter-racial "brotherhood," for they illustrate the ultimate of integration. This is what NAACP agitators have in mind when they boast that eventually the . . . "race problem will be solved in the bedroom." This, too, is what the Ford Foundation, the National Council of Churches, the National Conference of Christians and Jews and other professional race-mixing agencies are preparing YOUR children for. They may talk piously about the "brotherhood of man and the fatherhood of God," but these pictures show what they really want . . .

As I am not familiar with the names of all Communist fronts, I am wondering if the address on this "hate literature", American Nationalist, Inglewood, California, Frank L. Probably if this is not known or registered as a communistic group, investigation of this editor and organization may be profitable as we do not need "hate" mongers during this critical period in history.

Please send me a list of communistic or subversive organizations or tell me where I may procure one so that I may be enlightened and so that I can further inform my students and others who could fall prey to their propaganda. If you can keep your head when all about you
UNESCO seeks to muddle and deceive;
If you can trust yourself when "pinkies" doubt you
Because you love your Country and believe
Its Constitution is the best that ever
Was drawn to guard the liberties of man,
And that Americans must all endeavor
To keep it safe and solid if they can

If you won't let the UN be your master,
If you won't make world government your aim;
If you can fight the sinister disaster
Of letting spies and traitors win the game—
If you are loyal to the land that gave you
Your freedom and the chance to fight and win,
And count upon its Bill of Rights to save you
From tyranny and slavery and sin

If you respect your Flag and love your Maker
And pray that He will guide you to do right,
And do not let the first high-sounding faker
Convince you white is black and black is white—
If you stand up and say you love Old Glory
And show that you're an American with guts
Baby, you'd better get yourself a lawyer,
For "Mental Health" is out to *prove you're NUTS ! !*

THE ZIONIST CONSPIRACY PARALYZING THE WHOLE WORLD
 THE GIANT OCTOPUS
 BEHIND THE INKY SCREEN OF COMMUNISM ANAESTHETIZING THE NATIONS
 PREPARATORY TO WORLD ENSLAVEMENT

THE REAL SECRET BEHIND THE IRON CURTAIN
 The Inky Screen of Communism Conceals
In Soviet Russia
A POWERFUL ZIONIST STATE

In 1917 Jacob Schiff of Kuhn & Loeb gave twenty million dollars in gold to American and European trained Revolutionaries, all Zionists, who took over Russia. The Zionist masters immediately passed a law making it a criminal offense to do or even say anything against a Jew. This law has filled the slave labor camps with Gentile Christian Russian leaders. (AMERICANS, THE GENOCIDE TREATY, DEFEATED BY A MIRACLE IN OUR LEGISLATURE, WAS SUCH A LAW FOR US AND FOR THE WORLD. IT WILL SHORTLY COME UP AGAIN. WATCH AND BEWARE.) NEARLY ALL THE CHRISTIAN GENTILE LEADERSHIP IN RUSSIA HAS BEEN MURDERED.

BENJAMIN FRANKLIN'S PLEDGE
IN 1789

Excerpt: From the Journal of Charles Pickens of South Carolina of the proceedings of the CONSTITUTIONAL CONVENTION OF 1789

Benjamin Franklin's Statement regarding Jewish Immigration:

"There is a great danger for the United States of America. This great danger is the Jew. Gentlemen, in every land which the Jews have settled they have depressed the moral level and lowered the degree of commercial honesty. They have remained apart and unassimilated - they have created a state within a state, and when they are oppressed they attempt to strangle the nation financially, as in the case of Portugal and Spain.

"For more than seventeen hundred years they have lamented their sorrowful fate - namely, that they were driven out of their motherland. ~~But, gentlemen, if the civilized world were to send them back to Palestine and their property, they would immediately find pressing reasons for not returning there. Why? Because they are vampires - cannot live on other vampires - they cannot live among themselves. They must live among Christians and others who do not belong to their race.~~

"If they are not excluded from the United States by the Constitution, within less than one hundred years they will stream into this country in such numbers that they will rule and destroy and change our form of government for which we Americans shed our blood and sacrificed life, property and personal freedom. If the Jews are not excluded, within two hundred years our children will be working in the fields to feed the Jews, while they remain in the counting house gleefully rubbing their hands.

"I warn you, gentlemen, if you do not exclude the Jew forever, your children and your children's children will curse you in your grave. Their ideals are not those of Americans, even when they have lived among us for ten generations. The Leopard cannot change his spots. Jews are a danger to this land, and if they are allowed to enter, they will imperil our institutions--they should be excluded by the

ECONOMY

THE ARTERY OF THE OCTOPUS

IN OCTOBER 1957

WAS THERE A SECRET MEETING OF THE INTERNATIONAL ZIONIST CONSPIRATORS
ON A SHIP ON THE HIGH SEAS?

DID THE ZIONISTS PLAN A DRASTIC MOVE ON OUR ECONOMY TO PRODUCE AN
ECONOMIC COLLAPSE IN MARCH 1958?

Did they also plan parallel and simultaneous moves
FOR MARCH 1958?

Moves for legislation to make it impossible for us to tell the truth
about their evil plans? Moves for immigration--to bring in ten million
Jews from South-eastern Europe? Moves for Treaties to supercede our
constitution? Moves for mental health laws to make it possible to seize
our leaders and put them in mental institutions and destroy them?
Moves to destroy states rights and take over our central government?
Move to sabotage our armed forces and defense by smear??????????????

WE PLEAD WITH CONGRESS BE ALERT AND AWARE. SAVE US.

BY THE FEDERAL RESERVE ACT OF 1913 OUR ECONOMY WAS TURNED OVER TO THE
ZIONIST BANKERS. THE GREATEST SWINDEE IN ALL HISTORY WAS ACCOMPLISHED
A WHOLE NATION WAS "TAKEN" BY CLEVER

In the years since 1913 the Zionists have been bleeding us to death,
sabotaging our economy, enslaving us and the rest of the civilized world,
using our money to finance Communism through out the world. They are

Dear Mr. Hoover:

We are enclosing a recent copy of the American Nationalist publication, whose motto is "America First -- Fight Communist Treason." If there is any organization that conducts treason I think it is this organization headed by Frank L. Britton.

Isn't there something the government can do to clamp down on this sort of hate propaganda that is being distributed through the mails?

NOTE TO SACs, CHICAGO AND LOS ANGELES:

Correspondent sent to the Bureau a copy of "The American Nationalist" (Volume 5, Number 54) and inquired whether there was "something the government can do to clamp down on this sort of hate propaganda that is being distributed through the mails?"

Bufiles reflect no identifiable data concerning correspondent.

"The American Nationalist" is a monthly four-page publication edited by Frank L. Britton and published by "The American Nationalist", Box 301, Inglewood, California. Britton is reportedly 38 years old, a veteran of World War II and a former student at the University of Southern California. An informant, who has furnished reliable information in the past, advised in 1956 that Britton openly opposes communism, racial integration and related movements which he ascribes to Jewish initiative and consequently has been labeled as anti-Semitic and a hatermonger. (Los Angeles file #100-44603) (105-22921)

The above is being furnished for your information only.

NOTE ON YELLOW:

This letter accompanies a letter to the Post Office Department captioned, "The American Nationalist, Information Concerning (Internal Security)," dated 4-3-58.

MISSILE PROGRAM

(Cont. from Page 3)

strange concern for "humanity" which impelled our Jewish scientists to block the building of the H-bomb. Now it is a concern for world opinion which gives them an excuse for holding back our missile program while the Russians forge ahead.

THE REWARD

You would think that the group responsible for this treasonable sabotage of our missile program would at least be removed from their positions of influence now that the facts are in the open. Far from it. On the contrary, Mr. Eisenhower has promoted them.

Up until Nov. 29th of 1957, Isadore Rabi and his 12-man "Science Advisory Committee" had, as previously noted, operated through the "Office of Defense Mobilization." Now the group has been increased in number from 12 to 17 members—and moved into the White House, where it will have even a tighter grip on missile policy. Only now it will be known as the "President's Science Advisory Committee."

That, if you please, is Rabi's reward for ripping the guts out of our guided missile program even while the Russians were pushing ahead in the race to perfect the Intercontinental Ballistic Missile. But then, what more can you expect of an alien-born Jew who, along with Oppenheimer, Einstein, Lilienthal and other high placed Jews worked so assiduously to ham-string production of the H-bomb back in 1945-49? What more, if you please, can you expect of a former room-mate of the convicted atom spy, Klaus Fuchs?

PRESBYTERIANS

(Continued from Page 1)

rian Church has not only printed his book, but is currently selling it in Presbyterian book stores. Furthermore, brochures promoting Hromadka's Communist drive have been sent out from Presbyterian headquarters in Philadelphia to all Presbyterian ministers, as well as to thousands of important laymen. The book is also being pushed through commercial channels by book salesmen in the employ of church supported Presbyterian book stores.

If you are wondering just why the Presbyterian Church should engage in the publishing and promotion of a book by a renegade Communist propagandist of Hromadka's caliber, you will have to direct your questions to Dr. Carson Blake and others of the Presbyterian hierarchy responsible for the outrage. The purpose of this article is not to explain the queer political aberrations of the Presbyterian leadership, but to document the fact that Presbyterian church funds were used to publish and exploit the book—with the full knowledge that its author was, and is, a Communist collaborator.

If any doubt exists as to the accuracy of the latter statement, PRESBYTERIAN LIFE dispels it with its own book review of Hromadka's "Theology Between Yesterday and Tomorrow" which, as

Press Report

FRANKFORT, GERMANY—For the first time in history an American Army officer is being court martialed for refusing to shake hands with a Negro. He is 1st Lt. William B. Morton, and he is awaiting trial on charges which could result in a dishonorable discharge and five years in prison for refusing to shake hands with a Negro assigned to command his unit. Although U.S. servicemen have been forced to eat, sleep, bathe and work alongside Negroes in the armed forces since 1945, this is the first known instance where white officers have been required to shake hands with them. Presumably the next step will be a requirement that white servicemen's wives show a similar "respect" for Negro officers and soldiers.

NEW YORK—Beginning April 1st, New York City will begin enforcement of the nation's first "anti-bias housing bill"—a measure which makes it a crime for any property owner with three or more dwellings to refuse to rent to Negroes. This means that virtually every apartment house and multiple dwelling unit in the city will be subject to a massive invasion by Negroes and Puerto Ricans, with landlords subject to fine and imprisonment for refusing to rent to them.

NEW YORK—The much heralded plan of the New York City school system to integrate every white school in the city, even though it meant transferring Negro pupils by bus into white districts in many cases, was quietly dropped after a grand jury investigation uncovered the shocking crime wave sweeping the city's already integrated schools. As a result of the investigations, uniformed policemen have already been assigned to many schools to patrol corridors and recreation areas. Incidentally, it was interesting to note that most northern newspapers, in reporting the crime pictures in New York's schools, carefully concealed the fact that Negroes and Puerto Ricans were involved.

NEW YORK—The NATIONAL JEWISH POST reveals (Jan. 24th) that some 350 Jews in Israel have applied for passports to return to Communist Poland. The report claimed that most of those wishing to return included families with either a non-Jewish husband or wife, who are ostracized by their Jewish neighbors. (NOTE: Israel does not permit Jews to marry non-Jews, but in some cases persons married to Jews are allowed to enter the country.)

RICHMOND, VA.—Virginia has become the second state (after Texas) to pass legislation automatically closing down any school where Federal troops are employed to enforce racial integration, as they were in Little Rock. Incidentally, it is still costing the U.S. government \$100,000 monthly to keep those nine Negroes in Little Rock's Central High school.

NEW YORK—John Gates (real name: Israel Regenstein), long-time editor of the DAILY WORKER, and one of the 11 original Communist leaders to be sentenced under the Smith Act, last month resigned from the Communist party in a factional dispute. He was described as the highest ranking "American" ever to break with the C.P.

previously mentioned, appeared in its Dec. 28, 1957 issue.

That review, which ran for two full pages (with pictures) was prefaced by a half-page introduction by the editors of PRESBYTERIAN LIFE. In the very first sentence of that introduction the editors admit that Hromadka is a "generally regarded as the foremost Protestant defender of Communism." . . . Further on in the introduction there appears this enlightening paragraph:

"In 1947 Hromadka returned to his homeland," states PRESBYTERIAN LIFE. "Soon after his return, Czechoslovakia fell under Communist rule. He chose to remain with his people. More and more since then, Hromadka has appeared to the Western world as an apologist for Communism, and many have questioned how he can consistently maintain his profes-

sion as a Christian. Late in 1956, he forfeited the confidence of many of his friends in the World Council of Churches when he took that body to task for expressing sympathy for the Hungarian patriots who revolted against Communist rule."

Obviously, however, Hromadka did not "forfeit the confidence" of the Presbyterian leadership, despite its hypocritical protestations to the contrary, for the Presbyterian hierarchy clearly approves of Hromadka and his work or it would not have printed his book.

This is an important point, for in its review PRESBYTERIAN LIFE seeks to give the impression that it disapproves of the book. The reviewer starts out by describing Hromadka as a "sensitive Christian" who is assertedly suffering "agonizing repentance for the sins of the Christian

West"—but then proceeds to slap his wrist throughout the remainder of the article. It is, in other words, a rather critical review, but written up in such a way as to make the reader want to go out and buy a copy of the book.

This, of course, is one of the oldest propaganda dodges known, and one frequently employed by left-wing book reviewers in the commercial press to publicize Communist party line books. It works on the theory that an unfavorable review is infinitely better than none at all.

The hypocrisy of the Presbyterian leadership is all the more repulsive in this instance, however, for they are pretending to knock a book which they printed, which they are selling and which they are assiduously promoting with every resource at their disposal.

The long and the short of it is that they are trying, by subtle propaganda and shameless hypocrisy, to mislead the rank and file of the Presbyterian membership. This is evident throughout, for the above mentioned review is written so cleverly that it is doubtful if one Presbyterian layman out of twenty even realizes the book was published with Presbyterian church funds. Even fewer would conclude, after reading the review, that the official Presbyterian publishing house has printed a Communist propaganda book and is trying to palm it off on its membership, its clergy and the public as a work of legitimate theology.

All of which would suggest that it is high time rank and file Presbyterians took steps to see that the Presbyterian leadership spends more time and energy on the propagation of the Christian religion—and less on social action agitation and political agitation. If they don't, public opinion will force them to do it.

NOTE: This is not the first time the social actionists of the Presbyterian hierarchy have been caught using church funds to further their own peculiar political and sociological objectives. In the January, 1957 issue of the AMERICAN NATIONALIST, for example, we revealed the astounding fact that \$10,000 in Presbyterian church funds had been allocated by Eugene Carson Blake to "underwrite" certain legal obligations of the infamous National Association for the Advancement of Colored people (NAACP) in South Carolina last year. Not only that, but PRESBYTERIAN LIFE actually carried an appeal for donations in its January 9, 1957 issue to defray the NAACP's legal costs, which it claimed were incurred fighting Southern "bigotry."

In the light of all this, it is not particularly surprising to find the same group using Presbyterian money to publish a Communist book. But it does make one wonder just how long Presbyterian laymen are going to stand by and allow a group of professional church politicians to transform their church press into a transmission belt for Communist propaganda, their seminaries into training schools for social gospel agitators and their churches into hotbeds of racial integration.

Jews Quash U.S.

Religious Census

WASHINGTON, D.C.—As predicted by the AMERICAN NATIONALIST, organized Jewry has succeeded in forcing the Census Bureau to drop its proposed religious survey from the 1960 census. Realizing that such a survey would reveal the true Jewish population of this country, Jewish groups mobilized every resource at their disposal to quash the query. Even so, some Jewish groups are complaining because the Census Bureau earlier this year conducted a spot survey to determine the religious composition of the country. One Jewish newspaper, the NATIONAL JEWISH POST, described the spot survey as a "Machiavellian maneuver." "It was assumed by the Anglo-Jewish press," whined the JEWISH POST, "that acent the question on religion in the 1960 census, victory was ours" . . .

The gentleman above, holding a press conference at the White House (lawn), is Isadore Rabi, recently appointed chairman of the "President's Science Advisory Committee." Mr. Rabi will hereafter "co-ordinate" the U.S. missile program from the White House itself, where he now has an office. Previously Rabi had directed U.S. missile policy from the Office of Defense Mobilization, and there is reason to believe he is responsible for deliberately preventing the U.S. Army from launching its satellite before the Russians.

U.S. Missile Program Sabotaged By Ike's Jewish Advisors

WASHINGTON, D.C.—Three months ago, to allay public concern over this nation's lagging missile program—a lag brought into sharp focus by the launching of Soviet Russia's half-ton, dog carrying earth satellite—the White House announced the appointment of a "missile czar" whose task it would be to step up U.S. rocket production. Named to the post was Dr. James R. Killian, Jr., whose position as president of M.I.T. was obviously calculated to inspire public confidence in our scientific leadership.

The ink had hardly dried on the headlines, however, before it became apparent that Killian was a "czar" without any real authority. One U.S. Senator (Flinders), trotting a committee investigation into the matter, flatly stated that Killian was "boxed in" and lacked the power to carry out the job. On the face of it, therefore, Dr. Killian's much touted appointment as head of U.S. missile development was little more than window dressing; a gimmick designed in the first place to quiet public apprehension over our failure to keep abreast of the Russians in rocket technology and, secondly, to obscure the identity of those who really are in control of our missile program, and who are actually responsible for its near sabotage.

Proof that Dr. Killian's appointment was an empty propaganda gesture was forthcoming from the

Church Publishes Propaganda For Communist Author

SPECIAL—Not very many Presbyterians realize it when they drop their offering into the collection plate on a Sunday morning, but at least a part of their tithes and contributions are being used to pay for the publication and distribution of pro-Communist literature. That's a pretty strong statement to make, but for proof we need go no further than the Dec. 28th ('57) issue of PRESBYTERIAN LIFE, official organ of the Presbyterian Church (USA).

That particular issue lets the cat out of the bag with the revelation that the official Presbyterian publishing house, Westminster Press,

This is the picture of Communist propagandist, Hromadka, which PRESBYTERIAN LIFE featured with its book review. Despite Hromadka's unsavory background, PRESBYTERIAN LIFE describes him as a "sensitive Christian" . . .

has just published a book written by one of the most notorious Communist propagandists in the world today. Title of the book is "Theology Between Yesterday and Tomorrow," and its author is Joseph Hromadka, a turncoat Czechoslovakian theologian whose presence at the World Council of Churches in Evanston, Ill., in 1954 was bitterly assailed on the grounds that he was there as an agent of Communism rather than as a representative of a Christian denomination.

Notwithstanding Hromadka's unsavory reputation as a Communist agent, however, the official publishing house of the Presbyter-

Jews Seize Control Of U.S. Defenses

Key Installations Now Run By Alien Jews

SPECIAL—Fourteen of the 26 Soviet scientists who created the Sputnik were Jews. Dr. S. Eisenstadt told a meeting of the Israel-U.S.S.R. Friendship League in Tel Aviv. So began a news item in the Dec. 13th issue of the west coast's largest Jewish newspaper, the B'nei Brith Messenger.

It would be well if every American considered the significance of that revealing statement, for contained in it is the key of our national survival—or destruction. As the AMERICAN NATIONALIST has frequently emphasized, the fact that Jews dominate Soviet science, as well as many areas of American science, is fraught with peril for the U.S. For one thing, it means that it is virtually impossible for us to guard our vital military and scientific secrets. This was made abundantly clear several years ago when teams of Jewish spies (Rosenberg et al) funneled our atom and hydrogen bomb secrets to Russia almost as soon as they were discovered.

But the fact that virtually all the spies convicted in this country since the war have been Jews is not the only reason for concern; even more serious is the fact that Jews have managed to entrench themselves in our defense establishment.

To appreciate just how completely America's defense agencies have fallen under Jewish domination, it is necessary to remember that since World War II the technology of warfare has been completely revolutionized. The concept of warfare based upon an army and a navy, shielded by an air umbrella of fighter and bomber planes, is as obsolete as the Gatlin gun.

Today there are four phases of military strategy, either in being or in the making, which will determine the outcome of any future conflict. The first of these, of course, is the hydrogen bomb, or our progress, or lack of it, in the field of thermo-nuclear weapons development might easily decide the course of a war before it is ever fought.

To deliver the hydrogen bomb on target, we are dependent upon three delivery systems, one of which is becoming obsolete and two of which are still in the development stage. At the present moment the Strategic Air Command (SAC) is the prime instrument upon which we would depend to deliver hydrogen war heads to enemy territory in case

Although they have singularly failed to distinguish themselves in combat, alien Jews have managed to work their way into virtual control of our key defense establishments.

Between them, for instance, the four Jews above (LeMay is reputedly half-Jew) control of war. Until guided missiles take over, the SAC is our only effective weapons delivery system.

In the development stage are two other forces which will eventually pre-empt the function of delivering hydrogen war heads to a possible enemy. The most publicized of these is the Intercontinental Ballistic Missile (ICBM), which is expected to be perfected within the next ten years and which, upon perfection, will largely supplant the manned bombers of the SAC.

Less publicized perhaps, but of equal importance in future warfare, will be the atomic powered submarine, capable of cruising underwater for vast distances, and possessing the ability to launch hydrogen bombs upon our coastal and inland cities from several hundred miles offshore. Without question the atomic submarine will replace the navies of today just as the ICBM will make obsolete the present air forces of the world.

In sum, then, our future existence as a nation is dependent upon our ability to keep abreast, if not ahead, of the Russians in the development of thermo-nuclear weapons, and in the production of the ICBM and the atomic submarine. To fall behind in any one of these fields can be fatal. And in the interim we must look to the Strategic Air Force to protect us from a Soviet assault.

It does not require a military genius to see that if the wrong people should gain control of our atomic laboratories, of our guided missile research, of our atomic submarine program, or of the Strategic Air Command, our very

Senator Lyndon B. Johnson, who nauseated conservatives everywhere with his rabid support of the administration's so-called "civil rights" program during the last session of Congress, continues to run with the N.A.A.C.P. crowd. Lately, for example, he has come out strongly for Hawaiian statehood—a measure which would give us a 49th Oriental state, since 85% of the Island's population is Asiatic. Whether or not this turn-of-coin strategy wins him an appreciable Negro following in the forthcoming California gubernatorial race remains to be seen. But he has almost certainly alienated large numbers of California conservatives, even though some right wingers (including those who defected to Eisenhower in 1952-56) may still go along with him.

technology. . . . Meaning, of course, that Dr. Killian, the so-called "czar" of our missile program, will be under the supervision of the same committee which, through the Office of Defense Mobilization, has been queering the show all along. And that committee is headed by an Austrian Jew who was once the room-mate of the notorious atom spy, Klaus Fuchs, at Los Alamos.

To understand just what all this means, and to get it into proper perspective, it is necessary to go into the background of the situation a little further. The bare fact that a Jew who was once a room-mate of a Communist spy is directing our missile program does not in itself tell us too much. It is only when the picture in its entirety is unfolded that we begin to get an idea of the monstrous treason involved.

ROCKET TREASON

The first thing to remember is that Soviet Russia's smashing propaganda victory in getting its "Sputnik" satellites into outer space ahead of us was accomplished not as a result of Russia's technological superiority, but because of treason in Washington. In other words, the Russians beat us to the punch because someone in Washington planned it that way. And the finger points directly to Dr. Isadore Rabi, who up until Nov. 29th of 1957 headed a special 12-man "Science Advisory Committee" in the Office of Defense Mobilization. The function of Rabi's committee was to advise Eisenhower on guided missile development and other important military scientific projects—a position which enabled him to influence, if not dictate, U.S. missile and satellite policy.

With these facts at hand, let us now consider the mysterious hold-back of our vital guided missile program in the race to get an earth satellite off the ground, particularly in the light of recent testimony by some of our high ranking military men in the field. This testimony, given on Dec. 13th before a Senate subcommittee headed by Senator Lyndon Johnson, indicates conclusively that the U.S. Army could have launched an earth satellite long before the Russians launched theirs—but was not allowed to. Testimony given before the committee by General James M. Gavin, chief of Army Research and Development, shows that the Army Ballistic Missile Agency begged for permission time and again to launch a U.S. earth satellite—only to be turned down repeatedly by the mysterious group dictating our missile policy.

Here is a partial digest of the testimony given by General Gavin before Senator Johnson's subcommittee:
Senator Johnson: "Do you think it is tragic that we were not in space first?"
General Gavin: "yes indeed."
Senator Johnson: "Do you think we could have been?"
General Gavin: "yes, we could have been."

Senator Johnson: "And the reason we were not—money?"
General Gavin: "No. Wrong decision."

The general then went on to relate that as early as August of 1955, the Army had . . . "sent a paper to the Department of Defense . . . pointing out the serious danger that could be done to U.S. prestige if we did not launch first," and asking permission to proceed with a satellite launching.

It was ignored.
Again, in May of 1956, according to General Gavin's testimony, the Army requested permission to put up a satellite, using the Jupiter or Redstone missile. Permission denied.

Two months later Secretary of the Army Brucker himself urgently asked that the Army be allowed to prepare a launching, estimating that it could be accomplished by midsummer of 1957.

"Again," testified General Gavin, "it was turned down. By spring and summer," he continued, "I became quite worried about it, because I was following the Soviet program very carefully and they appeared to be approaching the real possibility of launching. In our opinion the Soviets were getting close to launching; national prestige was going to suffer a serious blow."

The Army begged for permission to launch an earth satellite with its Jupiter rocket (above) as early as 1955. Permission was denied, however, until after the Russians had put their "Sputnik" into orbit. Once permission was given, though, it was only a matter of weeks until the Army had launched America's first satellite (the "Explorer").

There is more of the same testimony, but what the General is saying is that as early as May of 1955 the Army had missiles (i.e. the Redstone and Jupiter) which were capable, with a little preparation, of lifting an earth satellite. But, as General Gavin made clear, they were never able to obtain permission to launch despite repeated requests—even after it was apparent the Russians were getting ready to beat us to the gun! If any doubt exists that this was a deliberate hold-back, then

Although the Army's Redstone and Jupiter missiles were capable of launching a satellite as early as 1955, Eisenhower's Jewish science advisors (Rabi et al) issued specific orders forbidding such a launching. Instead, vast sums of precious missile funds were poured into the building of the "non-military" Vanguard rocket, constructed for the sole purpose of lifting a U.S. satellite into space.

As a consequence, Russia beat us into outer space with its "Sputnik." And when the "non-military" Vanguard did attempt to raise its grapefruit sized satellite, it promptly blew up (see cut above). Only then was the Army given permission to launch its Jupiter rocket (below)—which it promptly did.

MYSTERY REMAINS

But this still leaves wide open the question of WHY permission to launch was withheld in the first place. Here we come to the crux of the situation, for despite propaganda to the contrary, it is obvious that such a decision was not made by military men, and it is also apparent that inter-service rivalry was not the cause.

Instead, the whole trouble can be traced to a high level civilian decision (announced by Eisenhower in July of 1955) to launch our first satellite with a "non-military" rocket. The reason given for this weird decision was that we might offend the Russians and world opinion if we launched our satellite with a military rocket! On that thin pretext our military rocket program was deliberately held back (and in part curtailed) so that a specially constructed "non-military" missile called the "Vanguard" could be built.

That, from the mouth of the general in command of the Army's missile project, explains why the Russians launched their "Sputnik" ahead of ours—the reason being that our U.S. Army was ORDERED not to prepare a launching, and special agents were assigned to see that those orders were obeyed!

Since then, of course, General Gavin has resigned from the Army and General Medaris's statement that he was denied permission to launch an earth satellite ahead of the Russians has become widely publicized. As a result of that publicity the Army finally received permission to launch, and on January 31st its Jupiter C rocket lifted America's first satellite into outer space.

Thus, while the Army was placed under strict orders NOT to launch its rockets, vast sums of precious rocket money were poured into the construction of the non-military "Vanguard" rocket, which exploded at Cape Canaveral last December while trying to raise a midge 6 pound satellite.

Thus, while the Army was placed under strict orders NOT to launch its rockets, vast sums of precious rocket money were poured into the construction of the non-military "Vanguard" rocket, which exploded at Cape Canaveral last December while trying to raise a midge 6 pound satellite.

This, of course, is the same kind of treason which held back the H-bomb program for four critical years while the Russians overtook us in this field. Then it was a

Later, in 1943, he signed an open letter (with other known Communist frontiers) to President Roosevelt protesting the deportation of the Communist labor leader, Harry Bridges. In 1957 the Daily Worker cited him as a signer of a petition calling for the repeal of the McCarran Act. And

in 1957 he signed another petition demanding the release of the convicted Jewish atom spy, Morton Sobell, from Alcatraz, where he is currently serving a 30 year term for espionage. The Reverend Dahlberg has a long string of other pro-Communist affiliations, but from the above record alone it is evident that he is eminently qualified to serve as president of the

J. EDGAR HOOVER LAUDS JEWRY

Negro Crime Wave Sweeps America As Integration Grows

SPECIAL. Five years ago, when the AMERICAN NATIONALIST first began publishing comparative Negro and white crime statistics to show that the incidence of crime was four, six and even ten times higher among Negroes than among whites (on a per capita basis), such information was an extreme rarity in the American press. The AMERICAN NATIONALIST was probably the first publication in the country to cite the FBI's authoritative "Uniform Crime Reports" (see AN, June 25, 1953) as a basis for proving that crime is not only more prevalent among Negroes than whites, but that it is considerably higher among northern Negroes than those in the South. The latter point was particularly significant because it exploded the propaganda myth (so popular with campus sociologists and parlor experts on race relations) that the high Negro crime ratio is attributable mainly to segregation, low income and other environmental factors more common (supposedly) to the South than the North. These disclosures provided convincing evidence that higher incomes, better living conditions and increased ra-

NEW ORLEANS. Although non-Jews are denied the most basic rights of citizenship in the Jewish state of Israel (where it is even illegal for a Gentile to marry a Jew) Jews in this country not only demand equal rights for themselves, but special privileges. Thus, in California last year organized Jewry was instrumental in pushing through a law giving Jews the "right" to vote by absentee ballot when election day falls on a Jewish holiday.

Understandably then, when Louisiana's governor Long last month proposed a law (to accommodate the state's farm population) designating Saturday as elec-

Soviet Treats Jews "Fine"

Khrushchev Says Everything "Jake"

SPECIAL TO B'NAI B'RITH MESSENGER
LONDON (WNS).—To show that Russia treats its Jews well, Soviet Premier Nikita Khrushchev this week remarked at a reception at the Polish Embassy that not only he himself and Soviet President Klementi Voroshilov, but also "half of the members of the Presidium," the governing body of Russia, have Jewish wives. MR. KHRUSHCHEV made this remark to Israeli Ambassador Joseph Avidar, who was among

The clipping above was taken from the May 2nd issue of the B'NAI B'RITH MESSENGER, one of the country's largest Jewish newspapers, and an official organ of the B'nai B'rith. It reports a statement by Soviet chief Khrushchev to the effect that he and half the members of the Soviet Presidium have Yid-

dish wives. But because all news tending to link Jews with Communism is always suppressed by the American press, very few Christian-Americans read the news. It is because of this self-imposed censorship that most Americans are so tragically ignorant concerning the real danger of Communism.

Khrushchev Admits He Has Jewish Wife; U.S. Press Censors Story

SPECIAL.—It is a paradoxical fact that Americans, who collectively detest Communism worse than any other people on earth, probably know less about the true nature of Communism than almost any subject you would care to name. Unfortunately, the Communists and their fellow travelers are fully aware of this ignorance and seldom miss a chance to capitalize on it.

One tactic they use with unflinching success is that of camouflage. It is a fact that all really effective Communist propaganda, aside from that intended specifically for hardened party liners, is dressed up in disguise. Almost invariably it is couched in "liberal" or "progressive" jargon, and never is the word, Communism, mentioned directly. So disguised it frequently appeals strongly to individuals with a liberal or moderate bent, most of whom would be outraged at the suggestion that they might be absorbing sugar coated Marxist ideology. In this country, at least, the effectiveness of Communist propaganda is always dependent upon its ability to pass unrecognized for what it is.

Obviously, however, it would not go unrecognized if the public were kept fully informed on the subject. Here we touch on the key to the paradox, for strange as it may seem, the venal and depraved commercial press as a matter of standing policy conceals from the public most of the pertinent details necessary to an intelligent understanding of Communist tactics and

ideology as followed in this country. This is done not through any conscious effort to aid or abet Communism, but springs rather from the desire to avoid controversy (a nasty word to the modern newspaper publisher).

Behind the commercial press's reluctance to probe deeply into the Communist controversy is the knowledge that it involves the touchiest of all questions: the race problem. The practical effect is a kind of self imposed censorship, with the newspapers raging ferociously against Communism as an abstract bogey-man, but omitting all discussion of the details which would reveal how it works in

Says B'nai B'rith And Other Jewish Groups Fight Reds

WASHINGTON, D.C.—For two decades now the name of J. Edgar Hoover has been almost synonymous with anti-Communism, and to his credit no single individual in Washington, aside from the late Senator McCarthy, has been the recipient of more Communist abuse and vituperation than he. As a matter of fact the hate campaign against Hoover reached its apex at about the time of the McCarthy-Army hearings when he gave testimony which appeared, at least on the surface, to favor McCarthy.

Unfortunately for Hoover, his appearance at the hearings earned him the open hostility of a host of non-Communist McCarthy haters - including virtually the entire U.S. Jewish population to whom McCarthy was anathema. This was not altogether a new development, since Senator McCarthy's severest critics had always tended to be unfriendly toward Hoover, while the Wisconsin firebrand's admirers had invariably been rabid Hoover fans. But it dramatized the cleavage, and from that day on Hoover's star went into decline. It was widely rumored that McCarthy's enemies in the ADA faction of the Democratic Party would be in the market for a new FBI chief if and when they took over the White House again . . .

From Hoover's standpoint this

Senseless Synagogue Bombings Condemned

SPECIAL.—The senseless bombings of a number of Jewish synagogues in several Southern cities of late, allegedly by the "Confederate Underground," leads to the suspicion that it is the work of provocateurs anxious to gain sympathy for Southern Jews. To begin with, there is no such organization as the "Confederate Underground." Moreover, the bombings all occurred in cities where little or no racial friction over racial integration has developed. Finally, it should be noted that the bomb-

Sobell, Gold, Greenglass) also Jewish?

Mr. Hoover, is it true that all three are Jews?

And were not all the members of the infamous Rosenberg spy ring (including Sobell, Gold, Greenglass) also Jewish?

Was not Judith Coplin, convicted in 1949 of spying for the Communists, likewise a Jewess?

Wasn't Gerhart Eisler, reputed to be the highest ranking Communist ever caught in this country, a Jew?

Is it not true that all but two or three of the 42 Communist suspects discharged from Ft. Monmouth prior to Senator McCarthy's investigations were Jewish?

Isn't it a fact that a MAJORITY of the more than 100 Communists convicted since 1949 under the Smith Act and the Internal Security Act were Jews?

Aside from the Alger Hiss case, Mr. Hoover, can you name any well known espionage case or security firing (not excluding the Peress case, the Amerasia case, the Harry Dexter White case, or the Robert Oppenheimer case) which did not involve a preponderance of Jews?

Mr. Hoover, how do you reconcile the above facts with your statement that: "One of the most malicious myths that has developed in the United States is that persons of the Jewish faith and Communists have something in common"? In reality, isn't "Masters of Deceit" a whitewash job concocted solely to put you back in the good graces of organized Jewry? In short, haven't you perpetrated a fraud against the American people by publishing this book?

ing targets were in every case selected for their negative propaganda effect—obviously by someone hoping to generate pity for Jews and indignation against white supremacists.

The alacrity with which Jewish propagandists have seized upon the dynamitings, and the lavish publicity they have given them, indicates conclusively that they have capitalized upon the bombings to the fullest.

Southerners, and particularly the mayors of the 29 Southern cities now exchanging information on the bomb incidents, would be well advised to await the apprehension of the individuals responsible before wasting too much compassion upon the Jewish "vic-

Press Report

WASHINGTON, D.C.—Max Rabb, Eisenhower's Jewish advisor on "minority" problems, and the first man ever to hold the title of Secretary of the Cabinet, retired last month from his White House duties to resume the practice of law. Rabb is often credited with having strongly influenced Eisenhower's integration policies which culminated in the dispatch of Federal troops to Little Rock. Also retiring, after a five year stint as Ike's chairman of the Atomic Energy Commission, is L. L. Strauss, of Kuhn, Loeb & Co.

BALTIMORE, MD.—The city of Baltimore, which enjoys the questionable distinction of being one of the very few cities besides Washington D.C. to integrate its school system on a large scale following the Supreme Court's 1954 decree, is well on its way to becoming an African slum. According to an official Board of Education survey there, it is estimated that by 1962 Negroes will outnumber white students by 70,000 to 49,000 in the elementary schools. School officials attribute the Negro take-over to the fact that 1 out of 3 of the city's white pupils will soon be attending private schools to escape integration, while large numbers of others are fleeing the city . . .

BOSTON, MASS.—In Boston where 15 persons, including 6 women, were last month beaten or robbed by roving gangs of Negro teenagers following a Rock'n' Roll riot, the attorney-general's office has ruled that no college, or school may request a student applicant to submit a photograph with his application. Claiming that such a request violates the Massachusetts Fair Education Practices Law, the state's assistant attorney-general ruled that a picture . . . "could disclose the race, creed, color or national origin of a person—information which the statute forbids" . . .

PHILADELPHIA—From Philadelphia the associate general-secretary of social education of the newly merged United Presbyterian Church, now America's third largest Protestant denomination, earlier this month enunciated a new scheme to "integrate" Presbyterians. White Presbyterian congregations should, he mouthed, "import Negroes from outside the bounds of their geographical parish" to facilitate integration . . .

PHILADELPHIA—When white residents of the Philadelphia suburb of Levittown, Pennsylvania, last year rioted against a Negro troublemaker who attempted to force his way into the all-white residential community, the nation's press played up the story for days as an example of white "bigotry" and "racial bias." But when Philadelphia Negroes precipitated two of the worst race riots of 1958 on the Memorial Day just past, the press was conspicuously silent—for the usual reason. The riots, one involving an estimated 350 people, the other about 500, resulted in the injury of 40 persons and transformed Chalfont's Forest Park into what one local newspaper described as . . . "a site of terror."

times." It wouldn't be the first time trouble-making Negroes or Jews bombed or burned their own churches, synagogues, union halls, etc., to attract sympathy. The tactic is an old one—so old the French have a name ("agent provocateur") for those who employ it . . .

NEGRO CRIME WAVE

(Continued From Page 1)

cial "equality" in the North produced an increase, rather than a decrease, in Negro crime . . .

After 1954 the Negro crime problem began receiving somewhat more publicity than in previous years—due in large part to the school integration controversy which erupted in that year. Southern Congressmen—particularly Rep. John Bell Williams of Mississippi—have aired Negro crime statistics from the floor of the U.S.

Congress with telling effect. A number of national periodicals, including the excellent U.S. NEWS & WORLD REPORT, have given enlarged coverage on the subject. Some northern newspapers, such as the NEW YORK TIMES and the WALL STREET JOURNAL, have grudgingly lifted the veil of self-imposed censorship to reveal at least a partial glimpse of the appalling growth of Negro crime in New York's integrated schools. Every year since 1954 the wall of silence and censorship has been opened a tiny bit wider . . .

Now it turns out that even TIME magazine has joined the parade with an article on Negro crime statistics. For Negro-catering, South-hating TIME this was a concession indeed, for no organization in all of America has labored more assiduously to becloud and confuse the race issue than the Luce-owned LIFE-TIME com-

bination. Nevertheless, in a recent issue* it was there as big as life: a full page article entitled, "The Negro Crime Rate: a Failure In Integration."

"They are afraid to say so in public," began the TIME article, "but many of the North's big-city mayors groan in private that their biggest and most worrisome problem is the crime rate among Negroes. In 1,551 U.S. cities, according to the FBI tally for 1956, Negroes, making up 10% of the U.S. population, accounted for about 30% of all arrests and 60% of all arrests for crimes involving violence or threat of bodily harm—murder, non-negligent manslaughter, rape, robbery and aggravated assault. In one city after another the figures—where they are not hidden or suppressed by politicians—reveal a shocking pattern."

TIME then proceeded to cite the following Negro crime statistics by individual cities:

In New York (14% Negro): "Of the prisoners confined in houses of detention last year to await court disposition of their cases, 44% of the males and 65% of the females were Negroes . . ."

In Chicago (15% Negro) . . . "twice as many Negroes as whites—1,366 to 679—were arrested on charges of murder, non-negligent homicide, rape and robbery" . . .

In Detroit (25% Negro) . . . "two out of three prisoners held in the Wayne County jail are Negroes" . . .

In Los Angeles (13% Negro) . . . "Negroes accounted for . . . 48% of the arrests for homicide, rape, aggravated assault, robbery, burglary, larceny and auto theft" . . .

In San Francisco (7% Negro) . . . "the victims of 896 of last year's 1564 recorded robbery cases reported their assailants were Negroes" . . .

Having tremulously given out these damning statistics, TIME's editors hastily turned their attention to solving of the Negro crime problem. Poverty and recent migration to the big cities, they confided, was not necessarily the most important factor, since foreign-born whites, equally impoverished and unsettled, often have a lower crime rate than their more prosperous native-born neighbors. Neither, apparently, does better housing ameliorate the Negro crime situation: "Crime rates," sighed TIME, "run high in the Negro slums of Harlem and South Side Chicago, but they also run high in the Negro districts of Los Angeles and San Francisco, where the houses are comparatively decent" . . .

What, then, is the solution? TIME's editors triumphantly bleated out their answer: more racial integration. Negro crime, intoned TIME, ". . . will remain a severe problem until Northern whites, private citizens as well as civil officials, recognize that Negro crime is basically a symptom of a failure in integration, and start attacking discrimination in the North with the same fervor they show in arguing for civil rights in the South" . . .

All in all it was a pretty convincing demonstration of the old adage: "None are so blind as those who refuse to see."

A Challenge To J. Edgar Hoover!

(Continued From Page 1)

more or less passive identification with right wing conservatism; and frequently with the "McCarthyite" wing of the Republican Party, not only endangered his job security, but also hurt him publicly-wise. The man who for over 20 years was the most lionized and publicized figure in Washington, officialdom suddenly found himself getting far less publicity than he was accustomed to. There was no sharp cut-off—merely a gradual loss of interest. J. Edgar Hoover had lost his glamour. Magazines were no longer so anxious to write him up; feature writers were not so impressed with his exploits as before; name droppers and gossip columnists sought him out with less enthusiasm. . . . In a dozen subtle ways it seemed that J. Edgar Hoover was slipping.

Last month Mr. Hoover made what would appear to be a desperate bid to regain his old place in the sun. What he did was to publish a book entitled, "Masters of Deceit." It was, supposedly, an expose and a history of Communist treason. But Mr. Hoover did not expose Communism in his book, despite his most convincing railings against it. That was not his real purpose in writing it. His purpose was to curry favor with organized Jewry—McCarthy's most implacable enemies and the one group in all America with the demonstrated ability to rescue him from oblivion and from possible future unemployment. "Masters of Deceit" is, unquestionably, the work of a scared bureaucrat afraid for his job—the frantic scribbling of an avid publicity hound anxious for the press clippings and public adulation he had long come to ex-

link between Jewry and Communism. You start out by saying: "One of the most malicious myths that has developed in the United States is that persons of the Jewish faith and Communists have something in common." From there you proceed to show that not only is there no possible affinity between Communism and Jewry, but that the contrary is true. You allege that the principal Jewish organizations in this country have been "effective" opponents to Communism; and you also indicate that Communist leaders from Karl Marx to Khrushchev have been anti-Semitic. How then, Mr. Hoover, do you account for the following:

ITEM: Today there is one major Communist daily newspaper in the United States, which also happens to be the oldest. This is the Morning Freiheit.

Mr. Hoover, is it not a fact that the Morning Freiheit is printed in the Yiddish language?

ITEM: Until last year there were THREE major daily Communist newspapers in the United States: "People's World," the "Daily Worker" and the "Morning Freiheit."

Mr. Hoover, is it not true that the editors-in-chiefs of all three of these Communist papers (Richmond, Gates, Novick) are Jews?

ITEM: According to the records of the House Committee on Un-American Activities, the largest Communist publishing house operating in the U.S. is the New Century Publishers.

Mr. Hoover, isn't it true that the incorporators of New Century Publishers (Joseph Felshin, Isidore Greenbaum and B. Greenbaum) are Jewish?

The statement above by J. Edgar Hoover appeared in the syndicated version of his book, "Masters of Deceit." In it he implies the Communists are responsible for the "myth" that there is a link between Judaism and Communism. In reality this is a triple-decked misrepresentation. It is false first because the Communist publications (other than a few intended specifically for Jewish readers) always studiously avoid identifying Jews with Communism—as any reader of the DAILY

and most other Jewish groups."

Mr. Hoover, are you aware that the American Jewish League Against Communism (which IS anti-Communist) has been publicly denounced and repudiated by the American Jewish Committee, the American Jewish Congress, the Anti-Defamation League of B'nai B'rith, and by virtually every other major Jewish organization in America? Do you know that Rabbi Schultz, who heads the American Jewish League Against Communism, is an outcast among Jews, and that his organization is a tiny splinter group? Do you know that he was kicked out of his synagogue for his anti-Communist position? Is it not a fact, Mr. Hoover, that by linking these major Jewish organizations with Rabbi Schultz's anti-Communist organization you are deliberately engaging in gross misrepresentation and falsification?

ITEM: In your book, Mr. Hoover, you not only deny the connection between Communism and Jewry, but intimated that Karl Marx and other Communist leaders were anti-Semites. In one place you state that . . . "the unrestrained emotional outbursts of Hitler against the Jews were reminiscent of the Marxian tirade against Judaism."

WORKER, PEOPLE'S WORLD and other Communist newspapers know. Secondly, Mr. Hoover knows full well that it is the military Anti-Communist groups, both in this country and abroad who have over the years exposed and stressed the Jewish nature of Communism. And finally it is no "myth," as alleged by Hoover, that Jews have a strong affinity for Communism—as the pictures below will illustrate.

tion between Communism and Jewry, but intimated that Karl Marx and other Communist leaders were anti-Semites. In one place you state that . . . "the unrestrained emotional outbursts of Hitler against the Jews were reminiscent of the Marxian tirade against Judaism."

Mr. Hoover, is it not true that Karl Marx was a Jew—the grandson of a Rabbi? And by comparing Marx with Hitler aren't you really preying on the ignorance of your readers?

ITEM: Elsewhere in "Masters of Deceit" you make it appear that both Stalin and Khrushchev are "anti-Semitic," and that Jews sui-

Shown here are some of the most notorious Communist spies and security risks ever apprehended by the FBI. All are Jew. So, with

occasional exceptions, were all the others brought to justice over the past ten years. Despite this, Mr. J. Edgar Hoover avers in

his book, "Masters of Deceit," that it is a "vicious myth" that Jews and Communism have anything in common. Hoover doesn't

really deny that most of the Communist leaders are Jewish, but argues that once they become Reds they are no longer Jewish.

pect. To that end Mr. Hoover deliberately and with studied calculation perverted his opus into an abject apology and smokescreen for the International Jews who, from Karl Marx to the present day, have been the foremost leaders and theoreticians of Communism. "Masters of Deceit" is not pro-Communist—it is worse. It is a whitewash of the party's Jewish origin and leadership. In the fullest sense it is a journalistic perversion and fraud.

Because of the foregoing the AMERICAN NATIONALIST, which for the previous six years has steadfastly praised the FBI and its chief, issues this challenge to J. Edgar Hoover: a challenge to answer the following questions.

MR. HOOVER: You devote an entire chapter of your book, "Masters of Deceit," to disproving the

KARL MARX: FATHER OF COMMUNISM

In his book J. Edgar Hoover not only attempts to obscure the fact that most of the Communist leadership in this country and abroad are Jews, but tries to make it appear that the Communists are "anti-Semitic." In one place he even compares the "tirades" of Marx with what he calls . . . the unrestrained emotional outbursts of Hitler against the Jews. In short, he is trying to depict Karl Marx, the founder of Communism, as an "anti-Semite." This is an absurdity on its face, since Marx himself was a Jew—as any Encyclopedia Britannica will show.

ferred "mistreatment" under them. "That the Soviet attitude against Jews has not changed since Stalin's death is evident," you state. "It is significant that Khrushchev made no mention of the mistreatment of the Jews in his exposure of Stalin whom he had so loyally served over the years."

Mr. Hoover, you know that both Stalin and Khrushchev have Jewish wives—a fact which has been reported from time to time in the American press. You know, too, that Molotov is married to a Jewess, and that his Jewish brother-in-law, Sam Karp, now resides
